- Competition Matters.

WSL shall give to the Special Committee reasonable advance written notice of any proposed changes in relation to Competition Matters, the rationale for the proposed change(s), and reasonable time to consider such matters. When considering such matters, the Special Committee shall have regard at all times to the following Key Principles:

CHAPTER 1: CHAMPIONSHIP TOUR (CT)

This Chapter applies to all CT Events and CT Surfers and Support Staff unless specifically referred to otherwise.

1.01 Prize Money

- (a) Any Prize Money allocations must follow the approved breakdowns in Appendix A to this Rule Book as decided by the Office of Tours and Competition.
- (b) WSL will facilitate all Prize Money payments direct to the Surfer's bank account, unless otherwise agreed.

1.02 Scheduling

- (a) CT Events are limited to thirteen (13) per year.
- (b) Dates for Events once finalized by WSL, may not be changed except by the WSL.
- (c) The WSL Schedule for the next CT Surfing Season will be published before the end of the current CT Surfing Season by WSL.
- (d) On completion of the CT Surfing Season, there will be a minimum one-month break before the next CT Event.

1.03 Trials: CT Trials' Events formats, dates and details must be finalized prior to the start of the CT Event Window and will be at the approval of Office of Tours and Competition.

1.04 Event-Related Activities: If an Event sponsor wants to run extra events and/or surf related activities inside the Event Window, such as expression sessions, celebrity heats, etc. the sponsor must obtain the written approval of the Office of Tours and Competition at least sixty (60) days prior to the Event Window.

1.05 CT Rankings Points

- (a) Point breakdowns for all CT Events are as shown in Appendix B. Such points are gathered throughout the Surfing Season and will contribute to the Surfers' ranking and Seeding Benefits in accordance with this Rule Book.
- (b) In the event of a tie for any World Title at the end of the Surfing Season, the tied Surfers will have a "surf-off" during the final Event, which will have the format determined by the Head of Tours and Competition.
- (c) For ties of rankings for qualifying positions on the CT, refer to Rule 1.09 and 1.10.
- (d) Subject to Rule 1.05(c), all ties on year-end CT rankings will appear as tied in that position for ranking purposes. For seeding purposes, the tie will be broken by considering each Surfers prior year original seeding position.
- (e) CT Ranking points will be received by all CT Surfers (includes Wildcards to CT Events and Replacements).

1.06 Formats

- (a) Men's CT Events (except WS Events) shall consist of thirty-six (36) Surfers and the following format will be used:
 - (i) Round 1 is twelve (12) heats of three (3) Surfers with 1st and 2nd place progressing to Round 3 and 3rd place progressing to Round 2.

- (ii) Round 2 is four (4) heats of three (3) Surfers with 1st and 2nd place advancing to Round 3.

 - (iv) Round 4 is eight (8) heats of two (2) Surfers with the winner progressing to the Quarter Finals.
 - (v) The Quarter Finals, Semi Finals and the Final are each two (2) Surfer heats with the winner of each progressing until a winner is declared in the Finals.
- (b) The format described in Rule 1.06(a) is the standard format for Men's CT Events, and can only be changed with the authority of the Special Committee.
 - (c) Women's CT Events (except WS Events) shall consist of eighteen (18) Surfers and the following format will be used:

 - (d) The format described in Rule 1.06(a) is the WSL standard format for Women's CT Events, and can only be changed with the authority of the Special Committee.
 - (e) The Office of Tours and Competition will decide whether to use the Overlapping system (i.e., where two (2)-Surfer heats are sent into the water to compete simultaneously) at a CT Event.
 - (f) CT heats will not be moved out of the original running order regardless of the Surfer's circumstances, except with the approval of the Surfer Representative and Head of Tours and Competition and only if a Surfer's surfboards have not arrived due to limited travel time between Events.
 - (g) If travel time is limited to three (3) or less days between CT Events and a Surfer has not received their surfboards due to airline problems and provided the Office of Tours and Competition with evidence from the airline that their surfboards did not arrive, such Surfer will not be required to compete in a heat on the first day of the Event Window. Only those heats where all Surfers have their surfboards can be run on the first day of the Event Window. Any Surfers without their surfboards have until the next day before they must compete in a heat if the Event is running.
 - (h) Overlapping Heat Format: When Overlapping Heats are being conducted at an Event:
 - (i) Two (2) surfer priority rules and penalties will apply to each individual heat. Priority will be displayed and announced separately for each heat.
 - (ii) The Surfers in the heat that started first have unconditional priority over the Surfers in the following heat, no matter where they are in relation to the line-up.
 - (iii) if there is deliberate unsportsmanlike interference by any

Surfer with either of the Surfers in the other heat, the Judges can call an interference penalty against the violating Surfer even if the Surfer has unconditional priority. The penalty will be the loss of half of their lowest scoring Ride.

(iv) A heat cannot be restarted.

1.07

CT Seeding Rules

- (a) “**Base Seed Points**” for CT Surfers, Season Wildcards and Season Replacements at the start of each Surfing Season will be determined by WSL prior to the first CT Event and then:
- (i) Men will have 16.67% of that initial amount deducted from each of the first six (6) CT Events of the Surfing Season (Base Seed Points will be zero from the 7th Event onwards).
 - (ii) Women will have 20% of that initial amount deducted from each of the first five (5) CT Events of the Surfing Season (Base Seed Points will be zero from the 6th Event onwards).
- (b) “**CT Seed Points**” will be the Base Seed Points plus the current Rankings Points earned in the CT Events in that Surfing Season.
- (c) Season Wildcards received for non-injury reasons and Season Replacements will receive Base Seed Points lower than the last seeded CT Surfer as determined by the Office of Tours and Competition.
- (d) For reference below in Rules 1.07(d) and (e), the “**Ranking for Injury**” is the Surfer’s CT Ranking from the prior year’s Surfing Season when the Surfer is injured during the first seven (7) CT Events for men and six (6) CT Events for women in the Surfing Season, and is their current CT Ranking when injured during any Event after the 7th CT Event for men and 6th CT Event for women of the Surfing Season.
- (d) A Surfer who has received a men’s Season Wildcard due to injury will be seeded in accordance with the following:
- (i) If their Ranking before the Injury was in the top ten (10), the Surfer will be seeded 13;
 - (ii) If their Ranking before the Injury was in the top twenty (20), the Surfer will be seeded 25;
 - (iii) If their Ranking before the Injury was in the top thirty-four (34), the Surfer will be seeded 34.
- (e) A Surfer who has received a women’s Season Wildcard will be seeded in accordance with the following:
- (i) If their Ranking before the Injury was in the top five (5), the Surfer will be seeded 7;
 - (ii) If their Ranking before the Injury was in the top ten (10), the Surfer will be seeded 13;
 - (iii) If their Ranking before the Injury in the top seventeen (17), the Surfer will be seeded 17.
- (f) For seeding purposes, if a CT Surfer is deemed to receive a Season Wildcard due to injury but qualifies via the CT or QS, then Rules 1.07(d) and (e) will apply.
- (g) Seeding Order of CT Events will be in the following order: CT Seed Points, QS Seed Points, and trialists in order of their results. If a Surfer’s order of seeding is unable to be determined, the Office of Tours and Competition will have discretion to establish the seeding order.
- (h) Reseeding may be performed within the Event Window but only

prior to the first heat of each round being started.

- (i) In relation to the CT Event format described in Rule 1.06, winners of Round 1 may receive benefit within their respective “tier” when re-seeing for Round 3. Notwithstanding the foregoing, in the final three (3) CT Events, the Top four (4) Surfers will keep their seeding regardless of the Round 1 results.

1.08

Replacement

- (a) Subject to Rule 1.08(c), if a Surfer that has qualified for the CT decides to relinquish their seeded position in a CT Event as a result of retirement or injury, the Office of Tours and Competition will select a replacement (“**Replacement**”) and the Replacement can be used to fill a maximum of one (1) seed spot (“**Season Replacement**”). The Office of Tours and Competition will select the Season Replacement in their sole discretion. The Office of Tours and Competition will select any other Surfers necessary to fill available seed spots at Events (“**Event Replacement**”) in their sole discretion.
- (b) A Season Replacement has forty-eight (48) hours (or reasonable time depending on the Event) after the initial contact attempt by WSL to accept or reject the replacement offer. If a Surfer withdraws within the Event Window and none of the replacements are on-site, another replacement Surfer will be selected by WSL. For seeding and points, Event Replacements will be treated as Event Wildcards would be.
- (c) If the Season Replacement has received a start in the first five (5) CT Events of the Surfing Season the following applies for that spot: if the Season Replacement was selected as a QS Surfer, the Surfer with the highest QS Ranking at the time of the relevant CT Event or a former Season Replacement from the current Surfing Season (at Office of Tours and Competition discretion) will be the new Season Replacement; (ii) for the Season Replacement who was selected as a non-QS Surfer, they will be replaced as determined by the Head of Tours and Competition.
- (d) A Season Replacement will not receive a spot in the final CT Event of the Surfing Season if they have not competed in the minimum number of events being counted. The Office of Tours and Competition will determine allocation of any available spots should this Rule apply.
- (e) If any injured or pregnant Surfer checks-in to receive points and minimum Prize Money their spot in the heat can be taken by a Replacement without reseeding the other heats in that First Round. The Replacement’s normal seeding will apply for later rounds. Further, this Replacement will pay no entry fee and will receive the Prize Money difference between the amount received by the Surfer they have replaced and the result they have attained.
- (f) Wildcards and Replacements in WSL Events must sign the WSL Surfer Agreement and will be subject to the approval by WSL.

1.09

Qualification for following Men’s CT Season

- (a) The following scales show the number of Events to be used to determine the men’s CT Race at the end of each Surfing Season:
 - (i) twelve (12) or more Events total then three (3) Throwaways.
 - (ii) nine (9) to eleven (11) Events total then two (2) Throwaways.
 - (iii) Less than nine (9) Events then one (1) Throwaway.

EXCEPTIONS may be applicable with WSL approval in extreme circumstances.

- (b) Subject to Rule 1.09, the Surfers below will qualify for the following year's men's CT Surfing Season:
 - (i) top twenty-two (22) from the current CT Rankings at the end of the current Surfing Season;
 - (ii) the top ten (10) from the QS Ranking at the end of the current Surfing Season who have not already qualified as one of the top twenty-two (22) Surfers from the current CT Rankings;
 - (iii) two (2) Season Wildcards (please refer to Rule 1.12 for more information); and
 - (iv) if there are Double Qualifiers such that a Surfer with a QS Ranking of eleven (11) or higher would have qualified, those spots on the CT will instead be treated as additional Season Wildcards (please refer to Rule 1.12 for more information) ("**Additional Men Season Wildcards**").
- (c) In the case of a tie relating to Surfers ranked twenty-two (22) in the year-end CT Rankings, the following applies:
 - (i) Should there be an available Season Wildcard position, a tied Surfer can be provided that position and will be seeded as per their CT Ranking, not as a Season Wildcard would be.
 - (ii) If one or both of the tied Surfers qualify via the QS Ranking, both Surfers will requalify, filling spots twenty-two (22) and twenty-three (23) in the following year's CT. In this case, only nine (9) Surfers will qualify via the QS Rankings at the end of the current Surfing Season who are not already in the top twenty-three (23) as mentioned above.
 - (iii) If neither of the Surfers qualify via the QS Rankings, the following applies in the order below:
 - (x) the results from their best counting CT Events in that Surfing Season will be considered, counting back to their best counting Event to attempt to break the tie. If one Surfer betters the other as this is applied, the tie is broken, and that Surfer will take the twenty-two (22) spot. If the tie is not broken, clause (ii) will apply;
 - (y) the Surfer with the higher total number of heat wins at CT Events in that Surfing Season will fill the twenty-two (22) spot and the lower ranked Surfer will not re-qualify; provided, however, that if there is still a tie, the Surfer with the higher average heat score from the CT Surfing Season will fill the twenty-two (22) spot and the lower ranked Surfer will not re-qualify.

1.10

Qualification for following Women's CT Season

- (a) The following scales show the number of women's Events to be used to determine the women's World Title Ranking at the end of each Surfing Season:
 - (i) twelve (12) or more Events total then three (3) Throwaways.
 - (ii) nine (9) to eleven (11) Events total then two (2) Throwaways.
 - (iii) Less than nine (9) Events then one (1) Throwaway

EXCEPTIONS may be applicable with WSL Approval in extreme circumstances.
- (b) Subject to Rule 1.10(d), the Surfers below will qualify for the following year's women's CT Season:

- (i) top ten (10) from the current CT Rankings at the end of the current Surfing Season;
 - (ii) the top six (6) from the QS Ranking at the end of the current Surfing Season who have not already qualified as one of the top ten (10) Surfers from the current CT Rankings;
 - (iii) One (1) Season Wildcard (please refer to Rule 1.12 for more information); and
 - (iv) if there are Double Qualifiers such that a Surfer with a QS Ranking of seven (7) or higher would have qualified, those spots on the CT will instead be treated as additional Season Wildcards ("**Additional Women Season Wildcards**").
- (d) In the case of a tie relating to Surfers ranked ten (10) in the year-end women's CT Rankings, the following applies:
- (i) Should there be an available Season Wildcard position, a tied Surfer can be provided that position but will be seeded as per their CT Ranking, not as a Season Wildcard would be.
 - (ii) If only one (1) of the tied Surfers qualified via the women's QS Ranking, both Surfers will requalify, filling spots ten (10) and eleven (11) in the following year's women's CT. In this case, the remaining five (5) will be from the top ranked Surfers in the women's QS rankings at the end of the current Surfing Season who are not already in the top eleven (11) as mentioned above.
 - (iii) If neither of the Surfers qualify via the QS Rankings, the following applies in the order below:
 - (x) The results from their best counting Events in that Surfing Season will be considered, counting back to their best counting Event to attempt to break the tie. If one Surfer betters the other as this is applied, the tie is broken, and that Surfer will take the ten (10) spot. If tie is not broken, clause (iii) will apply;
 - (y) The Surfer with the higher total number of heat wins at CT Events in that Surfing Season will fill the eleventh (11) spot and the lower ranked Surfer will not re-qualify; provided, however, that if there is still a tie, the Surfer with the higher average heat score from the CT Surfing Season will fill the eleventh (11) spot and the lower ranked Surfer will not re-qualify.

CT Surfers Rules

- (a) All CT seeded Surfers must sign the WSL Surfers Agreement prior to surfing in the first CT Event of the year or by a date designated by WSL. If a Surfer does not sign the WSL Surfers Agreement the Surfer will not be allowed to compete.
- (b) All those that qualify for the CT are required to compete in all of the CT Events in accordance with the WSL Surfers Agreement, unless a valid exemption is provided by WSL in accordance with the WSL Surfers Agreement or this Rule Book. Please refer to Rule 1.15 for more information.
- (c) During each Surfing Season, men's CT Surfers must compete in at least two (2) Challenger Events in different Regions, one of which must be licensed by the WSL Regional Office that controls the country of which the Surfer permanently resides for tax purposes. If there are no Challenger Events licensed by that WSL Regional

Office, then a QS5000 Event from that Region or a Challenger from another Region must be competed in as a substitute. For men's CT Surfers who have been on the CT for ten (10) years or more only need to compete in one (1) Challenger Event, which must be in their Region. If there are no Challenger Events available to compete in, the Surfer must compete in a QS5000 Event in their Region or a Challenger Event outside of their Region. Failure to comply with this Rule will result in discipline imposed in accordance with Rule 14.09.

- (d) During each Surfing Season, women's CT Surfers must compete in at least one (1) Challenger event that is licensed by the WSL Regional Office that controls the country of which the Surfer permanently resides for tax purposes, and if none, a QS 5000. If there are no Challenger or QS 5000 Events licensed by that WSL Regional Office, then a Challenger or QS 5000 from another Region must be competed in as a substitute. Failure to comply with this Rule will result in discipline imposed in accordance with Rule 14.09.
- (e) WSL will hold a Surfers' orientation meeting prior to the first CT Event of each Surfing Season. This meeting is compulsory for all Surfers who are requested to appear.

1.12

Wildcards

 - (i) two (2) (men) and any Additional Men Season Wildcards / one (1) (women) wildcards and any Additional Women Season Wildcards are to be selected by the Office of Tours and Competition for the Surfing Season in their sole discretion ("**Season Wildcards**"). Season Wildcards will receive CT points for the entire Surfing Season; and
 - (ii) two (2) (men) / one (1) (women) wildcard/s will be selected by the Office of Tours and Competition for each Event for which the WSL has an Event wildcard spot or spots ("**Event Wildcard**"). Event Wildcards will receive CT points.
- (b) All Wildcards must sign the WSL Surfers Agreement and are subject to approval by the Office of Tours and Competition.

1.13

Defending Champions

- (a) Defending champions of a CT Event (or an Event that has been upgraded from a lower WSL rating) in the Surfing Season immediately following the same Event that they won will be considered for an Event Wildcard. If not received, they must be placed into the Trials (if Trials are run). If the Event was cancelled due to a Force Majeure, this Rule will apply to the Event in the next year but not any year after that.
- (b) Defending champions referred to in this Rule must advise the Office of Tours and Competition at least sixty (60) days in advance prior to the Event Start Date should they wish to take advantage of the benefits offered by this Rule.

1.14

Amateur Surfers: Amateurs may surf in WSL licensed CT Events provided it is allowed under local amateur rules but must pay the relevant entry fee for the Event. The amateur Surfer can collect Prize Money won in an Event, but it is up to them to make sure that this Prize Money is dealt with in the correct manner so that their amateur status is kept should they wish to keep it. Amateurs can refuse the Prize Money

and if so, WSL will retain it and the amateur will be refunded their entry fee, if any fee was paid, in lieu of their Prize Money.

1.15

Non-Attendance in Events

- (a) CT Surfers must attend all CT Events which they qualify for. Failure to do so will result in a disciplinary action described in Rule 14.09, except as described in this Rule 1.15. Replacements for these no-shows will be decided in accordance with Rule 1.08.
- (b) Non-attendance for extenuating circumstances, including injury and pregnancy may be considered by the Office of Tours and Competition. A doctor's certificate must be sent notifying WSL as soon as possible of the injury or pregnancy. The WSL Medical Coordinator has the right to follow up and review all of these matters.
- (c) If a Surfer has provided a medical certificate that is acceptable to the Office of Tours and Competition, they will still receive the minimum CT points but no Prize Money for an Event the Surfer could not compete in.
- (d) If a seeded Surfer who is physically at the relevant Event location no later than twenty-four (24) hours before the start of the Event Window advises the Head of Tours and Competition that they are not going to attend their first round heat for injury reasons but may be present for their second round heat, their spot will be kept. Evidence of medical advice relating to the Surfer's injury and their ability to be ready for the second round must be submitted to the WSL Medical Coordinator before this benefit is granted. If the Surfer does not check-in at the paddle-out time for their second round heat, a Replacement will be provided their spot in accordance with Rule 1.08 and they will be subject to discipline as if they did not show up to the Event (but did advise the Head of Tours and Competition that they were not going to attend).
- (e) If a seeded Surfer fails to advise the Head of Tours and Competition they are not attending the first round heat and does not compete in their first round heat, then a Replacement will take their spot after the first heat is completed and the Replacement will be reseeded for their second round heat onwards. Re-seeding for heats will only occur from round three onwards.
- (f) When a Surfer does not show for any heat from round three onwards, the Surfer must surf the heat alone in case the opponent turns up late. The Head of Tours and Competition may adjust the daily schedule by reducing the Event's running time if the Head of Tours and Competition has been informed and is confident that the Surfer will not be competing in the Surfer's scheduled heat.

1.16

CT Event Postponement and Cancellation

- (a) **If Competition has Commenced - Extension of Event Window to Finish an Event:** The remaining Surfers will be consulted by WSL at an arranged meeting regarding any decision to extend the Event window to finish an Event; provided that the ultimate decision will be made by WSL in its sole discretion, taking into consideration the best interests of the sport of surfing.
- (b) **If Competition has commenced - Cancellation of Event (Force Majeure and "lack of surf"):** The following will apply where an Event is cancelled by WSL for reasons of Force Majeure:
 - (i) Prize Money will be paid to Surfers in the position they would

receive if they had been eliminated in the next possible opportunity in the Event. The balance of the Prize Money will be split evenly.

- (ii) If a round is not completed, each Surfer will receive the points they earned from the previous round, or last place points if the Event was cancelled during round 1.
- (iii) If a round is completed, each Surfer will receive the points they earned from that round.

(c) **If Competition has NOT commenced - Postponement of Event Window/Dates for any reason:** The Surfers who checked-in to compete will be consulted by WSL at an arranged meeting regarding a decision to postpone the Event dates or Event; provided that the ultimate decision will be made by WSL in its sole discretion, taking into consideration the best interests of the sport of surfing.

(d) **If Competition has NOT commenced - Cancellation for Force Majeure (excluding “Lack of Surf”):** The following will apply where an Event is cancelled by WSL for reasons of Force Majeure:

- (i) Minimum Prize Money for the Event will be paid to the entered Surfers.

- (ii) No points will be earned by any Surfer.

1.17 **Failure to Compete:** CT Surfers will comply with the WSL Surfers Agreement relating to their obligation to compete in all CT Events during the Surfing Season.

1.18 **Pregnancy:** From when a Surfer is pregnant and until her return to competition after the birth of their child, the pregnant Surfer must provide written notice of her intention to either compete or not compete in each CT Event. This notice must be provided twenty-one (21) days prior to the Event Start Date to WSL via the Office of Tours and Competition. If the Surfer confirms they will compete and then prior to the Event Start Date decides not to compete, they will forego the Prize Money for the Event but be granted minimum rankings points. A pregnant Surfer must check in at the CT Event with a member of the Office of Tours and Competition to receive Prize Money and points for that Event. In any circumstance, WSL strongly encourages that any pregnant Surfer strictly comply with any medical advice they have received, and any pregnant Surfer may be requested to disclose such medical advice to WSL at any time. In addition, if a pregnant Surfer advises WSL that they intend to compete in an Event, and WSL has concerns for the pregnant Surfer's safety, WSL may require the pregnant Surfer to provide the proper medical clearance documentation (and, if necessary, submit to an independent medical examination) prior to competing in the Event. Details of the pregnancy and any medical advice disclosed will be held in confidence by WSL.

1.19 **Concussion:** All Surfers shall comply with the terms of any Concussion Protocol adopted by WSL. In addition, after a concussion has occurred

in practice or competition, the concussed Surfer may not return to competition until the Surfer is evaluated and cleared to return to competition by a doctor with expertise in concussion. The Surfer must provide the proper medical clearance documentation to WSL prior to competing in an Event. Details of any medical advice disclosed will be held in confidence by WSL.

- 1.20 **CT Fees:** CT Event Wildcards and Event Replacements must pay a US\$2,000 entry fee to WSL and will not need to pay a further entry fee in the Surfing Season for any CT Event they qualify for. This will be deducted from their Prize Money if the entry is not paid prior to the Event Start Date.
- 1.21 **Non-WSL Events:** CT Surfers must comply with the obligations relating to events that are not sanctioned by WSL, as described in the WSL Surfers Agreement.
- 1.22 **Enclosed Official Areas**
- (a) Events must ensure that all Surfers, officials and enclosed areas or offices inside the Event compound are kept smoke free.
 - (b) Alcohol can only be consumed in the designated VIP area (if any) and the provision and sale of any alcohol must be in compliance with local liquor laws.
- 1.23 **Security Passes / Accessible Areas**
- (a) All seeded CT Surfers will be identified for security reasons by profile digital photos provided by WSL. This or the Surfers WSL Identification Card is the only form of identification that is required for them to enter any of the areas set-aside for Surfers only. In other areas that they are invited to enter they may be required to have the appropriate pass as supplied by the Event. Support Staff, Wildcards and Replacements can be requested to wear or carry some form of pass as supplied by WSL.
 - (b) Each Surfer shall be provided guest passes for a member of their Support Staff provided the individual has signed the Support Staff Code of Conduct and is approved by WSL. This pass is for their use and no duplicates need to be provided if they are lost etc. unless the Event wishes to do so. Surfers may also request two (2) or more passes for family members at check-in, which will be provided at the discretion of WSL.
- 1.24 **Surfer Retirement**
- (a) Upon request, WSL will provide any Surfer who has competed on the CT with the form of notice that is to be provided to become a Retired Surfer before the Surfing Season starts who will then be replaced by the Surfer next in line from the respective Ranking (CT or QS) that the Retired Surfer qualified through. Please refer to Rule 1.08 for more information.
 - (b) Once the first CT Event has started in a Surfing Season, any Surfer who becomes a Retired Surfer will be replaced by the Season Replacement.
 - (c) A Retired Surfer may be entitled to benefits implemented by WSL from time to time and these will be provided in accordance with the WSL policy that governs the creation of the particular retirement benefit. Retirement or acceptance of a Surfer's retirement does not waive any obligation of the Surfer under the WSL Surfers Agreement or entry terms they have agreed to.
- 1.25 **WSL Limitation of Liability.** WSL will not be held liable for any

reliance (including financial or other commitments made to third parties) a Surfer places on notifications (written, verbal or otherwise) from a representative of WSL in relation to their qualification to or relegation from the CT.

CHAPTER 2: QUALIFICATION SERIES AND CHALLENGER EVENTS

This Chapter applies to all Events and Surfers who compete in WSL QS and Challenger Events.

2.01 License Fees

- (a) License fees for QS and Challenger Events are set by the Licensing Regional Office.
- (b) Any women's QS Event held in conjunction with at least an equivalent rated men's QS5000 does not pay a license fee.
- (c) By September 30 of the year prior, all Events are to propose Event dates and confirm their commitment for their Event by signing the relevant WSL license agreement.
- (d) For all Events, fifty percent (50%) of the License Fee is to be paid to the Licensing Region one hundred and eighty (180) days prior to the Event. The balance is to be paid ninety (90) days prior to the Event Start Date. New Events need to have paid one hundred percent (100%) of their License Fee for the Event to be listed on the WSL Schedule.
- (e) If the License Fee is not paid before either of the deadlines in Rule 2.01(d) above, the Event is immediately removed from the WSL Schedule and the Event dates become available. Double the entire License Fee then becomes payable in full to the Regional Office upon the Event requesting full licensing.

2.02 Upgrading/Downgrading an Event

- (a) If any Event decides to upgrade its rating status, it must provide at least forty-five (45) days' notice to the Regional Office. The Office of Tours and Competition will give final approval for all upgrades.
- (b) If any Event decides to downgrade its rating status, it must provide at least ninety (90) days' notice to the Regional Office. Failure to do so will result in a fine equal to the License Fee for the lower rated Event.

2.03 **Cancellation of an Event:** If any Event is cancelled, any License Fee paid prior to such cancellation is non-refundable. A penalty of ten percent (10%) on the original Prize Money will be imposed by WSL, which must be paid no later than ninety (90) days from the Event Start Date before the Event will be re-instated in a future year's WSL Schedule.

2.04 **Change of Event Details:** If an Event (that is not conducted by WSL directly) wishes to change its Event date/location within sixty (60) days of the scheduled Event Start Date, the Event must pay fifty percent (50%) of the full amount of Prize Money owed for the Event to WSL in full. This payment will be non-refundable and will be used to pay the Prize Money for the Event when it runs. If the Event does not run in that Surfing Season, the Prize Money paid to WSL is forfeited. Payment is required within seven (7) days of the confirmation from WSL that the Event location/dates have been changed. The Event licensee will be responsible for any costs incurred by a Surfer, the WSL, Regional Office or another Event which will include non-refundable payments for accommodation, travel costs and other reasonable costs as a result of these changes being approved.

2.05 Prize Money Taxation

- (a) Where tax is deducted, the Event licensee must provide each Surfer with a document detailing the deductions along with the applicable

forms for refunds. The Regional Office is to be advised as soon as this requirement becomes known to the Event licensee and must receive a receipt (copy) from the local taxation department stating the names and amounts paid.

- (b) If the Event licensee does not comply with Rule 2.05(a) within three (3) months from the end of the Event, the Event licensee must promptly provide an explanation to WSL and the Event licensee must comply with the relevant tax laws. The Event licensee must comply with any request by WSL relating to compensating a Surfer for any breach of this Rule by the Event licensee.
- (c) Tax deductions are not to be added to the Prize Money to maintain the minimum award.

2.06

Prize Money

- (a) For new Events, a cash sum equivalent to the Prize Money purse for an Event of that rating must be paid to the Regional Office at least ninety (90) days prior to the Event Start Date in addition to the License Fee. Failure to pay this amount will result in the Event being cancelled and forfeiture of the License Fee. If an Event is cancelled within the ninety (90)-day period, then the cash sum and License Fee will be forfeited and used to offset expenses incurred by Surfers and the Licensing Region.
- (b) For QS and Challenger Events, Prize Money Minimum Breakdowns are set forth in Appendix C.
- (c) QS and Challenger Event Prize Money for foreign Surfers must be paid by bank transfer or US dollars cash. Locals may be paid by check or local currency cash, but these must be calculated at the US\$ buying rate as of payment date.
- (d) Variations to Prize Money breakdowns must be approved by WSL.
- (e) All onsite Prize Money is payable by completion of the day the Surfer is eliminated from the Event if paying by any means other than bank transfer. If paying by bank transfer the Event has seven (7) days from the end of the Event Window to complete payments for all Surfers who have provided banking details. Prize Money for any Surfer who has not provided their bank details seven (7) days after the Event finish date is forfeit to the Licensing Regional Office.
- (f) All Prize Money payments will be paid directly to the Surfer by the Event licensee in accordance with the relevant license agreement, but not later than seven (7) days after the Event finishes.
- (g) If a Surfer has not been paid, WSL will assist the Surfer in collecting the Prize Money from the Event licensee. Any late payment of Prize Money will result in serious consequences for any subsequent editions of the Event without waiving any right of WSL to claim against the Event licensee.
- (h) All Surfers must sign any forms or provide copies of their ID (passport or valid driver license) to the Event licensee if requested before they leave the Event. Failure to do so may mean loss of Prize Money. Event licensees must have someone on site during the competition hours of each day from competition start to thirty (30) minutes after the Event finishes to receive this documentation. If a Surfer fails to provide or complete the necessary documents, they have seven (7) days from the Event

end date to provide them or they will forfeit their Prize Money.

2.07

Scheduling

- (a) WSL will use reasonable efforts to allow current Events the right to establish dates for the Event. However, future tour growth and other conflicts may dictate rescheduling an Event and WSL will always have the sole discretion in designating dates for an Event.
- (b) Only Events that have complied with Rule 2.01(d) and any other requirements of WSL will be placed on the WSL Schedule in WSL's sole discretion.
- (c) QS and Challenger Event Scheduling:
 - (i) QS5000 Events can be run at any time during the year and can be held at the same time as scheduled QS Events or CT Events.
 - (ii) Challenger Events cannot be run prior to January 15 of the CT tour year.
 - (iii) No Challenger Events can have the same dates within their Event Window as another CT or Challenger Event.

The Office of Tours and Competition may make exceptions to the foregoing under special circumstances.
- (d) There will be a maximum of 13 Challenger Events in each Surfing Season.
- (e) All WSL Event dates can be found on the WSL Schedule but is subject to change at the sole discretion of WSL at all times. Should costs be incurred by a Surfer for a change to the WSL Schedule within ninety (90) days of the Event Start Date, the Office of Tours and Competition will consider an application for reimbursement of costs and a claim may be made by the Surfer against an Event licensee for reimbursement of costs.

- (a) If an Event licensee is permitted by WSL to run Trials for an Event, one (1) position will be kept open in the main Event for the winner of those Trials.
- (b) The breakdown of these trialists must be at least fifty percent (50%) off the QS Rankings (with the ratio of current to prior year's QS Rankings applicable to this fifty percent (50%) to be determined by the Office of Tours and Competition) and fifty percent (50%) for the Licensing Region to select if there are excess entry numbers.
- (c) Positions must be made available to the Licensing Region for up to the top four (4) JQS Surfers from the Region. QS Ranking points will be provided to the Surfers competing in Trials conducted pursuant to this Rule 2.09(c).
- (d) If an Event is permitted by WSL to run a regional Surfer only Trials then a maximum of one (1) position will be kept open and selection is up to the Licensing Region. QS Ranking points will not be provided to the Surfers competing in Trials conducted pursuant to this Rule 2.09(d).
- (e) Trials qualifications must be run prior to the licensed Event dates unless permitted by the Office of Tours and Competition.
- (f) Any Challenger Events holding other categories or Trials to decide qualifiers for a ninety-six (96) Event format must hold these prior to the allocated minimum days required for the relevant Event. Only women's heats and Junior and/or Longboard finals can be held during the last seven (7) days of competition. Written application to WSL can be made for an exception to this Rule if constraints are imposed by local authorities.
- (g) All rules not specific to an Event will apply to Trials.
- (h) In the Trials, a full WSL qualified judging panel, if available, is to be used as in the main Event. Where these Judges are unavailable due to other Event commitments or are in transit to the Event, their replacements must be WSL recognized Judges. All Judges are to receive full benefits as per WSL requirements.
- (i) Trialists are those Surfers whose current seeding status fall outside of the seeded Surfers allowed for the proposed size of the QS/Challenger Event in Rule 2.08.
- (j) Any Surfer who is eliminated from a Trials will retain their original position on the Alternates list.

- (m) All Surfers competing in Trials for an Event are encouraged to become a member of WSL, and if the Event licensees/Trials promoter do not require Surfers to be a member of WSL, they are

responsible to all Surfers for all matters relating to the Trials, including requiring all Surfers to agree to be bound by this Rule Book. Notwithstanding anything an Event licensee/Trials promoter represents, Surfers of Trials cannot compete in an Event without becoming a member of WSL.

2.10 **QS Rankings Points and Regional Rankings**

- (a) QS Points will be allocated as per the point schedules shown in Appendix B.
- (b) For all ties on year-end QS Rankings, they will be broken by referring to the Surfers results from their best counting QS Events from the QS Rankings (refer to Rule 2.11) and considering each other QS/Challenger Event if still tied until the final single counting QS/Challenger Event is considered. If Surfers are still tied, the final rankings will show them as equal but for seeding purposes the prior year rankings will decide the tiebreak.
- (c) Regional QS Rankings will be calculated during the current Surfing Season based on the QS1000 point breakdown in Appendix B and using the following QS/Challenger Events conducted in the Region during the relevant Surfing Season: If there are less than three (3) QS/Challenger Events, then results from all three (3) QS/Challenger Events will be counted; if there are four (4) QS Events, the Surfer's best three (3) results will be counted; if there are five (5) QS/Challenger Events, then the best four (4) results will be counted; and if there are more than five (5) QS/Challenger Events, then the Surfer's best five (5) results will be counted. The resulting accumulation of points are the Surfer's "Regional Points," and their ranking against the other Surfers in the Region indicates the Surfer's "Regional QS Ranking."
- (d) The Surfer who obtains the highest Regional QS Ranking at the end of a Surfing Season will be the Regional Champion for the following Surfing Season.
- (e) Where there are four (4) or more QS/Challenger Events in the Surfer's Region, the Surfer will be guaranteed entry (provided they enter the relevant Event in accordance with this Rule Book) into all QS1000 to QS5000 Events for the following Surfing Season and all Challenger Events up and until the Mid-Season Date of the following Surfing Season.
- (f) Notwithstanding anything to the contrary in this Rule 2.10, for purposes of determining the seed order for a QS/Challenger Event, if there is a tie in the QS Rankings of any Surfers, the tie will be broken as specified in Rule 2.21.

2.11 **Events Counting Towards Qualification:** The best five (5) of the total number of all QS/Challenger Events will be used to determine the QS Ranking for each Surfer in the men's and women's QS/Challenger Events.

2.12 **Injury or Pregnancy Ranking Adjustments:** In order to receive consideration for QS/Challenger Event injury or pregnancy adjustments, WSL must receive a written application, acceptable medical certification and the Surfer must have missed more than fifty percent (50%) of the combined number of QS5000 to Challenger Events in the relevant year. In addition, the Surfer must have a QS Ranking in the top one hundred and fifty (150) for men at the time of the injury and top seventy-five (75) for women at the end of the previous or

current Surfing Season. If the adjustment is approved by the Office of Tours and Competition, the Surfers' final ranking will be their QS Ranking plus twenty-two (22) for men and plus ten (10) for women.

A Surfer may also apply for a mid-year injury ranking adjustment if they have been injured in that year and have provided a medical certification confirming that they have not been able to compete until after the Mid-Season Date. If the adjustment is approved by the Office of Tours and Competition, the Surfer will receive their seeding from the beginning of the year and not their ranking until such time the successful applicant either betters their previous year's ranking or they compete in the minimum number of QS/Challenger Events counting towards their year-end QS Ranking.

The Office of Tours and Competition may approve other adjustments to a Surfer's ranking if extreme circumstances have resulted in the time limit being exceeded.

The WSL Medical Coordinator shall have sole discretion when assessing a Surfer's health and the validity of a medical certificate.

2.13

Qualification Series Fees

International Events

- (a) Anyone who intends to compete in any WSL QS/Challenger Event outside of their country must pay the international Surfers fee and purchase the travel and accident insurance policy offered through WSL for that year. Please note European Surfers are covered by their own insurance in EEC countries only.
- (b) Surfers can only enter QS/Challenger Events outside of their Region if they are eighteen (18) years of age or older; provided that Surfers who are age fourteen (14) or older may apply for a waiver to compete in such QS/Challenger Events, which shall be determined by WSL in its sole discretion.
- (c) All non-CT Challenger Event fees will be as per the WSL online entry system.
- (d) All non-CT women's QS Event fees will be as per the WSL online entry system.
- (e) The fees above must be paid via the online entry automated system by January 31st of the tour year to receive ranking points and Seeding Benefits, or if competing in an QS/Challenger Event prior to January 31st, fees must be paid prior to the QS/Challenger Event.
- (f) No additional fee is required for a Surfer to enter in any Regional QS/Challenger Event if the Surfer has paid the relevant membership fees in full.
- (g) All Surfers with a prior year ranking who fail to sign up as a Surfer Member by January 31st will lose all seeding rights and be seeded on a first come first served basis no matter what ranking they had in the previous year.

Regional Events

- (a) In all WSL Regions, a Surfer fee is applicable for those wishing to compete in their own Region only, set by the applicable Regional Office. Please note that WSL Africa also has a fee applicable should a Surfer compete in multiple QS Events within that region.

- (b) In QS 1000-5000 Events, regional Surfers can pay a Surfer fee set by the Regional Office as described in Rule 2.13(a)(Regional Events). They will be allocated prior year's seeding rights.
- (c) Entry into men's Challenger Events requires payment of international Surfer fees applicable to International Events.
- (d) Any Surfers that make it into any QS/Challenger Event Prize Money Round must pay the difference between the Regional or one-off and international Surfer fee as described in Rule 2.13(a)(International Events). This difference in fee, if not paid upfront, will be subtracted from the Prize Money earned.

Any Surfer who competes without paying their Surfer fee where applicable will not receive points for that Event and will lose all previous seeding rights. Surfers will not be permitted to compete if they have not purchased insurance through MemberPro.

CT Surfers pay the applicable entry fee into all WSL QS/Challenger Events but will not pay any QS Surfer fees.

Life Members designated by WSL or former CT World Champions do not pay any QS Surfer fees but must pay applicable entry and insurance fees.

There is no difference in fees for amateurs and professionals when entering WSL Events.

Amateurs may receive points, Prize Money and seeding status as if they were professional Surfers. Their names will appear on the WSL Rankings and they will not be denoted as an amateur. Any local rules or laws that are relevant to the status of an amateur will apply in this situation.

Amateurs who turn professional during the year will not lose previously gained points.

2.14 **Entry Fees:** Unless otherwise approved by WSL on the online registration system, the following Entry Fees will apply to Events:

- (a) **QS1000-QS3000:** US\$200 maximum, plus tax if applicable.
- (b) **QS 5000:** US\$250 maximum, plus tax if applicable.
- (c) **Challenger:** US\$325 maximum, plus tax if applicable.

2.15 **Event Registration and Entry Procedure**

- (a) Registration for all QS/Challenger Events must be done online unless there are extenuating circumstances that do not allow for the Surfer to do so, in which case the Surfer should contact WSL immediately.
- (b) All online QS/Challenger Event registrations must be made by 5 pm USA Pacific Coast time on the date the Event entries close (as appears in the online downloadable schedule) to maintain seeding rights.
- (c) If an Entry Fee payment is declined, the Surfer will be sent an email notification and given seven (7) days to rectify the problem. After seven (7) days, if no payment is received, the Surfer will be removed from the entry and seed list for the QS/Challenger Event. If the Surfer subsequently re-enters the QS/Challenger Event,

they will be placed at the bottom of the seed list as any other new entries would be at the time of successful entry to the QS/Challenger Event.

- (d) Where a Surfer enters multiple QS/Challenger Events whose Event Windows overlap, the Surfer will be entered into the higher rated QS/Challenger Event. If the QS/Challenger Events have the same rating, the Surfer will be contacted as soon as possible, and the Surfer will have seven (7) days to respond with a choice of QS/Challenger Event to enter. Should they not respond within seven (7) days, only the entry for the QS/Challenger Event that they entered first as indicated by the online entry system will be confirmed.
- (e) Entry payments received after the closing date and prior to the Event Start Date will be treated on a first come first served basis until the QS/Challenger Event is full.
- (f) Event organizers cannot accept any entries and must refer the Surfers to the online entry system.
- (g) Beach entries must be made with the WSL Regional Representative at the Event Site and any Surfers who submit a beach entry will be placed on the Alternate list. For additional information, please refer to Rule 2.23.
- (h) No CT seed can put in an entry for seeding in a QS/Challenger Event being held during any CT Event Window; provided that if the Surfer has been eliminated early enough from a CT Event, they may submit a beach entry to a QS/Challenger Event if available, or be considered for a Wildcard position if available for the relevant QS/Challenger Event.

2.16

Surfer Regional Status for Membership Purposes

- (a) The WSL has residency requirements to determine whether membership of a Surfer can be changed ("**Regional Status**"). These requirements are complex. Consequently, Surfers applying to a WSL Region often have questions about their residency status as it applies to membership. The following Rule is designed to acquaint Surfers with the WSL residency requirements and to provide answers to common questions. The following information is not a complete explanation of the laws and regulations about residency and should not be relied on for actual residency in a state, territory or country. Considerations for WSL may change from time to time, and the most relevant considerations for a particular Region can be provided by the respective Region (contact details for each Regional Office are on the last page of this Rule Book).
 - (i) **What Residency Requirements are Considered When Approving an Application to Change a Surfer's Regional Status?** To qualify for a Regional Status change, a Surfer must have been a **bona fide resident** of the Region for at least the time period set by the respective WSL Regional Office. Time periods vary from Region to Region, so check their requirements. In addition, whether the Surfer is an adult or a minor, for the time period prior to an application, they must not have been claimed as a dependent for tax purposes by their parents or guardians if they are not legal residents of the proposed Region.

- (ii) **What does “bona fide residence” mean? Bona fide residence** is synonymous with the legal concept of domicile. A person's domicile is the place where that person lives permanently and returns to after any absence. To be a bona fide resident of a Region, a Surfer must be physically present in that Region and demonstrate their intent to make the Region their permanent home.
- (iii) **How would the Surfer demonstrate intent that the WSL Region is their permanent home?** No single action will demonstrate the Surfer's intent. WSL will look for a combination of actions when evaluating the application to change Regional Status, with reference to other considerations specific to that Region. Of all the possible actions displaying intent, the most important are:
 - (v) filing a resident personal income tax form in the country and or state for the relevant Region;
 - (w) current driver's license in that Region;
 - (x) ownership or continuous lease of a home in the Region;
 - (y) permanent or continuous employment in the Region; and
 - (z) presence of spouse, children, and other close relatives in the Region.

Of course, any other evidence illustrating the intent to make the Region their permanent home should be submitted with the application.

(b) What else should I know about WSL Residency Requirements for Regional Membership?

- (i) In order to be a bona fide resident for membership purposes, a Surfer must be a citizen or a permanent resident of the country (or part of it) in the proposed Region.
- (ii) A Surfer cannot maintain domicile in two Regions simultaneously. In other words, a Surfer cannot be a bona fide resident of a country or in the case of Hawaii another state of USA, if they appear to maintain their domicile outside of that Region.
- (iii) A Surfer cannot establish residency by simply moving to another Region. They may overcome this presumption only by other action which demonstrates their intent to reside permanently in the new Region.

(c) What Should a Surfer Do to Apply for Change in Regional Status? If a Surfer wishes to apply to compete as a member of another Region, they should do the following:

- (i) Read the information in this Rule for guidance as to whether a change to the Surfer's Regional Status is possible.
- (ii) Contact their current Regional Office, and the new Regional Office that they intend to be considered to be a part of.
- (iii) Take into account any other requirements of theirs that will be considered for their application to be successful.
- (iv) Write a written explanation requesting the change of WSL Region, with supporting information referring to the guidance in this Rule and the requirements of the relevant Region, together with evidence of the same.

- (v) Send the application to the Region you are requesting to be moved to.
- (d) **Who Determines the Success of a Surfer's Application?** The staff at the applicable Region will determine whether a Surfer's application to change the Surfer's Regional Status is accepted, based on the Region's requirements, and any other regulations as determined by the Office of Tours and Competition. If a Surfer does not agree with a determination relating to their application, they can submit the reasons for such disagreement to the Office of Tours and Competition, who will make a final determination, in their sole discretion.
- 2.17 **Entry Confirmations**
- (a) At the closing date of an Event, the accepted Surfers will be informed that they were accepted, and their credit cards charged automatically via the online Entry system; provided that a Surfer's credit card will not be charged if an Event is full. If an Event is full, the Surfer will be placed on an Alternates list.
- (b) Surfers who are placed on the Alternates list and who are moved into the Event will have their credit card charged at that time. If the Surfer wishes to be removed from the Alternate list, the Surfer must notify WSL prior to the Event Start Date. For more information, refer to Rule 2.17(c). Once a Surfer has been entered into the Event and they are charged the Entry Fee, refunds are not available.
- (c) Once entry has been confirmed, every Surfer must attend any required pre-Event safety briefing and collect their credentials for the Event.
- 2.18 **Entry Cancellation, Refunds and Medical Certificates**
- (a) Subject to Rule 2.18(b), Entry Fees will be forfeited from the relevant Event's closing date.
- (b) If an injury notification is delivered in writing to the relevant WSL Regional Office seven (7) days before the relevant Event Start Date and a medical certificate can be produced that complies with Rule 2.18(e), the Surfer will receive a refund less a \$50 administration fee.
- (c) All cancellations of Event entries after the Event entries have closed must be in writing by email to cancellations@worldsurfleague.com detailing the name of the Event, the reason for cancellation and the Surfer's details.
- (d) If a cancellation is made by a CT Surfer in any Challenger event or women's Challenger Events, the Office of Tours and Competition has the right to replace them with another CT Surfer if available even though that Surfer may not have entered the Event by the closing date.
- (e) Medical certificates must be dated and produced no later than forty-eight (48) hours after the respective cancellation or injury notification referred to in Rule 2.18(e). The WSL Tour Director will make the decision on whether the evidence provided is adequate.
- 2.19 **Selection of Entries**
- (a) Selection of Entries for QS Events QS3000 and above (including Challenger Events), will be allocated using the following selection procedure (provided each Surfer has entered the QS/Challenger Event properly per this Rule Book and is over thirteen (13) years of

age at the time of Entry). All wildcards must be approved by the Office of Tours and Competition, or it's nominated representative.

- (b) Non-qualifying CT Surfers from the prior year and the next ten (10) for men/next five (5) for women on the prior year's final QS Rankings (who have not qualified for the current year's CT) will all be guaranteed entry into any QS Event starting prior to November 10 of the current year provided the Surfer has competed in all Challenger Events in the Surfing Season, unless the Office of Tours and Competition approves an exceptions to the requirement to compete in all Challenger Events.
- (c) For men and women, Surfers based on the prior year final QS Rankings for QS/Challenger Events whose entries close before the Mid-Season Date (as determined by the Office of Tours and Competition). For Events whose entries close after the Mid-Season Date, current QS Rankings will be used.
- (d) A maximum of one (1) CT World Champion from the past five (5)

- (e) Surfers whose entries are received before the Event Closing Date are placed in order of QS Rankings as of the QS/Challenger Event Closing Date, and if the Surfer has no QS Ranking, they will be prioritized by their date of entry with Surfers of full membership to be prioritized over Surfers who purchased single-Event membership.
- (f) Surfers whose entries are received after the Event Closing Date are prioritized by their date of entry. These entries will be placed on the bottom of the Alternates list in order and the Surfer loses all seeding rights.
- (g) All remaining positions will be allocated per their position on the Alternates list.
- (h) For Hawaiian QS/Challenger Events and due to local restrictions, Event details cannot be confirmed until such time that the permits are secured for the Event, and the number of days is confirmed. Therefore, the following will apply:
 - (i) Events that are scheduled to run for three (3) days will use the ninety-six (96) or one hundred and twelve (112)-person format.
 - (ii) Entry selection for a Challenger Event will be as set forth in Rule 2.19;
 - (iii) Entry selection for QS Events (other than Challenger Events) using the ninety-six (96)-man format will be as follows:
 - (x) Sixteen (16) local Hawaiian Surfers; and
 - (y) the Order from Rule 2.19 will apply.
- (i) A four (4) day QS Event (other than Challenger Events) will use the one hundred and twenty-eight (128)-person format.
- (i) QS Events (other than Challenger Events) that use formats greater than a ninety-six (96)-person format will use the selection requirement as determined by WSL.
- (k) Four (4) spots will be held in the Round of 96 in all QS 5000 Events for male Surfers who may lose in overlapping CT Event early enough to attend. The Surfer must notify the relevant WSL Tour Director for the QS Event in writing before the relevant CT Event Start Date. Should there be more than four (4) requests, the Surfers will be ordered in order of their CT seeding.
- (l) For Surfers without a Ranking, Surfers with full membership will have priority for entry to a QS/Challenger Event over Surfers with a single Event membership.
- (m) For QS1000 and QS1500 Events, selection of Entries will be allocated using the following selection procedure (provided the Surfer has entered the QS Event properly): Regional positions reserved for international Surfers as follows from each Region: In a thirty-two (32)-person format or smaller = one (1) in a forty-eight (48)-person format – two (2) in a ninety-six (96)-person format and three (3) up to a maximum of six (6) for a one hundred and twenty-eight (128)-person format QS Event and above. Surfers will be selected in their QS Ranking order and any unused regional positions listed above will be filled directly from the Alternates list in order of their QS Rankings.

2.20 **QS Surfer Seed Points:** QS Surfer Seed Points are based on a combination of the prior year's final QS Ranking points and the current QS Ranking points earned until the Mid-Season Date as determined by WSL. From the Mid-Season Date onwards, the current QS Ranking points will be the QS Surfer Seed Points.

2.21 **QS Seed Order:** Selected Entries for a QS/Challenger Event are seeded in the following order at the time of the heat draw for the Event (including which round the Surfer is seeded into):

- (a) CT Surfers based on current CT Seed Points; Any CT seed replacement that is ranked in the top twenty-two (22) on the CT after six (6) CT Events will be considered a CT seed and use CT seed points.
- (b) Non-requalifying CT surfers from the previous Season seeded into Last Seeded Round until the Mid-Season Date.
- (c) Remaining Surfers based on current QS Seed Points;
- (d) WJC champions with or without QS Seed Points;
- (e) Former CT World Champions; and
- (f) Any Surfer without QS Seed Points selected by date of entry.

In Challenger Events in Hawaii, seeding for Surfers will be as follows:

- (a) For the round of 64, the top twenty-two (22) on the CT Rankings.
- (b) Top six (6) QS ranked surfers as of heat draw production time;
- (c) Four (4) wildcards;
- (d) All remaining CT Surfers who have entered the Event will be seeded into the round of 96 and the remaining Surfers based on current QS Seed Points. The two (2) WSL Wildcards can be moved to earlier rounds than the round of 64, if deemed appropriate in the Office of Tours and Competition's discretion.
- (e) WJC champions with or without QS Seed Points.

If there is a tie among Surfers based on their current QS Ranking Points (see Rule 2.11), the tie will be broken as follows: (i) the results from their four (4) best counting Events in that Surfing Season will be considered, (ii) if there is still a tie, the results from their three (3) best counting Events in that Surfing Season will be considered, (iii) if there is still a tie, the results from their two (2) best counting Events in that Surfing Season will be considered, (iv) if there is still a tie, the results from the best counting Event in that Surfing Season will be considered; and (v) if there is still a tie, the WSL will continue to look at the best counting Events in that Surfing Season, starting with the six (6) best Events, and continuing in this manner until the tie is broken.

2.22 **Defending Champions at QS/Challenger Events**

- (a) Defending champions of a QS/Challenger Event in the immediate Surfing Season following the same QS/Challenger Event that they won will be considered for an Event Wildcard. If not received, they must be placed into the Trials (if Trials are run). If the QS/Challenger Event was cancelled due to a Force Majeure, this Rule will apply to the next year's QS/Challenger Event only, if it runs. If the QS/Challenger Event does not run for two (2) consecutive years, for any reason, this Rule will not apply.
- (b) Defending champions referred to in Rule 2.22(a) must enter the relevant QS/Challenger Event in accordance with Rule 2.15 if they want to take advantage of the benefits offered by this Rule.

2.23 **Replacements**

- (a) Seeded Surfers, who have not yet competed and intend not to compete are to be replaced by the highest seeded Surfer in the previous round, who has not yet competed, then by Replacements if available. If none are available, the heat will be surfed with the Surfers who are present.
- (b) In the case of no shows in all heats, reseeding will not occur, and the following replacement policy is to be used.
- (c) If available, a Replacement will be substituted for any no-show in all heats of any round where there are seeded positions allocated at the five (5) minute mark of the heat prior, or if no heat immediately prior five (5) minutes before the Surfer's heat starts.
- (d) A previously advancing Surfer cannot be replaced.
- (e) Any Surfer once eliminated from the main QS/Challenger Event cannot re-enter the QS/Challenger Event for any reason. This does not include any Surfer who competed in a Trials.
- (f) Once competition within the Event Window starts, replacements of spots (excluding "WSL International" or Event Sponsor wildcard spots) will be filled by Surfers on the Alternates list. Replacements or wildcard spots will be filled by a Surfer nominated (within a reasonable time determined by the Tour Manager for the Event) by WSL or the Event Sponsor respectively prior to the Alternates list being referred to. Should a Surfer not be nominated in a timely manner that may affect the Event's schedule, the replacement may be taken from the Alternates list.

2.24

Failure to Compete

- (a) After the start of the Event, if a seeded Surfer does not show by the end of their first heat, their points and Prize Money (if applicable) are forfeit. Prize Money is to be paid to the WSL Regional Office.
- (b) All no-shows Alternates who fail to check-in when called will be placed at the bottom of the Alternates list once they finally check-in.
- (c) Where Surfers have been delayed due to circumstances out of their control, the WSL Tour Director may place them at the top of the Alternates list in their seed order if more than one Surfer is involved.
- (d) Entry fees are not refundable if a Surfer misses their heat.
- (e) If any Surfer decides not to surf for any reason other than serious injury, which would require acceptable medical certification or has a legitimate concern for their safety (and has stated the same in writing) then that Surfer will not receive any points or Prize Money for that QS/Challenger Event.
- (f) If a Surfer is injured and does not intend to check-in for their heat and advises the Beach Marshall and the relevant Tour Manager that they won't be surfing prior to that heat, the Surfer may receive points and any applicable Prize Money for that place and can be replaced by the next eligible Surfer.

2.25

Pregnancy: From when a Surfer is pregnant and until her return to competition after the birth of their child, the pregnant Surfer must provide written notice of her intention to either compete or not compete in each QS/Challenger Event. This notice must be provided twenty-one (21) days prior to the Event Start Date to WSL via the Office of Tours

and Competition. If the Surfer confirms they will compete and then prior to the Event Start Date decides not to compete, they will forego the Prize Money for the Event but will be granted rankings points equivalent to the Surfer's seeding. A pregnant Surfer must check in at the Event with a member of the Office of Tours and Competition to receive Prize Money and ranking points for that Event. In any circumstance, WSL strongly encourages that any pregnant Surfer strictly comply with any medical advice they have received, and any pregnant Surfer may be requested to disclose such medical advice to WSL at any time. In addition, if a pregnant Surfer advises WSL that they intend to compete in an Event, and WSL has concerns for the pregnant Surfer's safety, WSL may require the pregnant Surfer to provide the proper medical clearance documentation (and, if necessary, submit to an independent medical examination) prior to competing in the Event. Details of the pregnancy and any medical advice disclosed will be held in confidence by WSL.

2.26 **Concussion:** All Surfers shall comply with the terms of any Concussion Protocol adopted by WSL. In addition, after a concussion has occurred in practice or competition, the concussed Surfer may not return to competition until the Surfer is evaluated and cleared to return to competition by a doctor with expertise in concussion. The Surfer must provide the proper medical clearance documentation to WSL prior to competing in an Event. Details of any medical advice disclosed will be held in confidence by WSL.

2.27 **Non-Attendance in QS/Challenger Events Entered**

- (a) Where a confirmation and payment is received and the Surfer does not show up and has an inadequate excuse (as determined by the WSL Tour Director), the Surfer will incur applicable fines which may include the loss of seeding rights for a future QS/Challenger Event they compete in as determined by the WSL Discipline Director.
- (b) In the case of multiple no-shows, the loss of seeding rights shall be increased by one QS/Challenger Event for each no-show.
- (c) Consideration may be provided if a Surfer was physically unable, due to an accident or compassionate reasons due to family trauma, to notify WSL of their non-attendance. Other Surfers cannot inform the Event on someone's behalf. In these circumstances, the Surfer is to notify the WSL Tour Director as soon as is practicable.

2.27 **Media Obligations by Surfers**

- 3.04 **Surfer Appearance:** Event licensees will need to obtain permission from each individual Surfer who wishes to compete in the Event once WSL has granted them a license to conduct the Event.

CHAPTER 4: LONGBOARD RULES

For the avoidance of doubt, please note that Chapters 13 and 14 apply to BW Surfers.

RULES OF GENERAL APPLICABILITY TO ALL BW EVENTS

7.01 Scheduling

- (a) The Jaws Big Wave Championship is a competitive event and is referred to here as “**Jaws BW**”; the Nazaré Tow Surfing Challenge is an exhibition style invitational event and is referred to here as the “**Nazaré BW**”. Collectively the Jaws BW and Nazaré BW events are referred to in this chapter as the “BW Events.” The number of BW Events (which may include both competitive and non-competitive invitational or exhibition events) per BW Season, and their status as a men’s, women’s or combined Event are decided by the WSL Office of Tours and Competition.
- (b) The WSL Schedule will be updated as soon as practicable each calendar year relating to the status of BW Events.

7.02 BW Event Announcement

- (a) WSL will announce a BW Event as being “Green” forty-eight (48) hours prior to the start date of a BW Event and will notify all relevant Surfers prior to that announcement. For avoidance of doubt, a BW Event is considered as being “Green” when the weather and surf forecasts are such that the Office of Tours and Competition concludes that it is probable that the BW Event will be held during the period commencing forty-eight (48) hours after BW Event is announced as being Green.
- (b) Surfers are expected to notify the Competition Director upon their arrival at the local event area for a BW event. Any Surfer who has not arrived at the local event area for a BW Event at least twenty four (24) hours prior to the start of the BW Event and/or is at risk of not arriving in time to prepare properly for the applicable BW Event is subject to replacement by an alternate surfer or team, as determined by WSL in its sole discretion.

- (b) WSL will facilitate all BW Prize Money payments directly to the Surfer’s bank account, unless otherwise agreed by WSL.

7.05 **BW Competition Area**

- (a) All BW Events will have a buoy in the Competition Area where spare Surfboards may be attached prior to the BW Event or when the Head Judge or Office of Tours and Competition permits.
- (b) When a PWC picks up a Surfer (requested, for safety or otherwise), the Surfer will be dropped to a safe point in the Competition Area (as determined by the Head Judge) and which provides no clear advantage to that Surfer when beginning their paddle to return to the line-up.

7.06 **Non-Attendance in BW Events**

- (a) BW Surfers must attend the BW Events for which they qualify or are invited.
- (b) The Office of Tours and Competition will consider extenuating circumstances including injury, pregnancy as an exception to this Rule 7.06 (an “**Excused Absence**”).
- (c) A doctor’s certificate must be sent notifying WSL as soon as possible of an Excused Absence. The WSL Medical Coordinator has the right to follow up and investigate any information in all of these cases.

7.07

Pregnancy: From when a Surfer is pregnant and until their return to competition after the birth of their child, the pregnant Surfer must provide written notice of her intention to either compete or not compete in a BW Event. This notice must be provided twenty-one (21) days prior to the start of the BW Season, or, if required during the BW Season, as soon as reasonably practicable, to WSL via the Office of Tours and Competition. If the Surfer confirms they will compete and then prior to the Event Start Date decides not to compete, they will forego the Prize Money for the Event. A pregnant Surfer must check in at the CT Event with a member of the Office of Tour and Competition to receive Prize Money and points for that Event. In any circumstance, WSL strongly encourages that any pregnant Surfer strictly comply with any medical advice they have received, and any pregnant Surfer may be requested to disclose such medical advice to WSL at any time. In addition, if a pregnant Surfer advises WSL that they intend to compete in a BW Event, and WSL has concerns for the pregnant Surfer’s safety, WSL may require the pregnant Surfer to provide the proper medical clearance documentation (and, if necessary, submit to an independent medical examination) prior to competing in the BW Event. Details of the

pregnancy and any medical advice disclosed will be held in confidence by WSL.

7.08 **Concussion:** All Surfers shall comply with the terms of any Concussion Protocol adopted by WSL. In addition, after a concussion has occurred in practice or competition, the concussed Surfer may not return to competition until the Surfer is evaluated and cleared to return to competition by a doctor with expertise in concussion. The Surfer must provide the proper medical clearance documentation to WSL prior to competing in an Event. Details of any medical advice disclosed will be held in confidence by WSL.

7.09 **Security Passes / Accessible Areas**

(a) All BW Surfers will be identified for security reasons by profile digital photos provided by WSL. This or the Surfers WSL Identification Card is the only form of identification that is required for them to enter any of the areas set-aside for BW Surfers only. In other areas that they are invited to enter they may be required to have the appropriate pass as supplied by WSL. Support Staff may be requested to wear or carry some form of pass as supplied by WSL but should also carry other identification with them.

(b) Each BW Surfer shall be provided two (2) guest passes for members of their Support Staff or family provided the individuals have signed the Support Staff Code of Conduct and have been approved by WSL. If a pass is lost or misplaced, a duplicate pass may be requested, but will only be provided in WSL's sole discretion.

7.10 **WSL Limitation of Liability:** WSL will not be held liable for any reliance (including financial or other commitments made to third parties) a BW Surfer places on notifications (written, verbal or otherwise) from a representative of WSL, including, without limitation, in relation to their qualification to or relegation from competing in a BW Event, or their position as a BW alternate for a particular BW Event. Any and all payments due to a BW Surfer are as set out in the BW Surfer Agreement and WSL shall not be liable for any payments until a BW Surfer has executed such agreement.

ADDITIONAL RULES APPLICABLE TO JAWS BW EVENT

7.11 **Format: Jaws BW Event**

(a) The Jaws BW Event format is of a paddle surfing discipline. Competing BW Surfers are required to catch waves themselves, without any assistance from a PWC, motorized surfboard or other mechanical device.

(b) Competitors for the Jaws BW Event are selected on the basis of their performance at BW Events in previous years, ranking in the Big Wave Awards Overall Performance Category and by a wildcard poll of the WSL Big Wave athlete representatives and trusted local

advisors. Final selection of all BW Surfers for participation at a BW Event shall be determined by WSL.

- (c) The Women's Jaws BW Event to be held at Jaws, Pe'ahi, Maui, Hawaii shall consist of ten (10) women Surfers and the following format will be used:

 - (iii) The final is one (1) heat of six (6) BW Surfers.
- (e) Round 1 heats will not be moved out of the original running order to accommodate any BW Surfers unable to attend a heat as originally scheduled, regardless of the BW Surfer's circumstances.

7.12 **Specific Heat Rules for Jaws BW Event**

- (a) Provided no more than two (2) Rides have taken place in a heat, the Head Judge may decide to extend a heat by fifteen (15) minutes to ensure the BW Surfers have the best opportunity to ride waves during the heat.
- (b) In relation to Heat start time, finish time and communication of the same to BW Surfers, the Head Judge will determine what is fair for competition and effective in the circumstances (e.g., whether a horn is needed on a boat) for and during the Jaws BW Event.

7.13 **Judging Criteria for the Jaws BW Event**

- (a) BW Surfers must perform to the WSL judging key elements to maximize their scoring potential. Judges analyze the following major elements when scoring a Ride in a BW Event:

- Commitment
- Degree of Difficulty
- Intensity and size of the wave for the Ride
- Control
- Maneuvers

NOTE: It's important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes to the conditions during the day.

NOTE: The following scale may be used to describe a Ride that is scored:

0–1.9 = Poor; 2.0–4.9 = Fair; 5.0–6.4 = Good; 6.5–7.9 = Very Good; 8.0–10.0 = Excellent

7.14 **Jaws BW Wave Tabulation:** Scores for each Ride will be determined as follows:

- (a) the maximum score will be ten (10) and the minimum score will be zero (0);
- (b) the highest and lowest Judges' scores will be eliminated for each Ride;
- (c) the remaining Judges scores will be totalled and then averaged, to two (2) decimal places.
- (d) at the end of the heat a BW Surfer's best score is doubled and added to the BW Surfer's second-best score with the total being the BW Surfer's final heat score.

7.15 **Ties:** Where heat scores are tied, the tie will be split by:

- (a) counting each BW Surfer's next best counting Ride score;
- (b) Should the tie remain despite the above-mentioned procedure, WSL may, in its sole discretion hold a surf-off to determine the winner or determine that the BW Prize Monies be shared by the BW Surfers.

7.16 **Jaws BW Interference Rules**

- (a) The BW Surfer deemed to have the inside position for a wave has unconditional right of way for the entire duration of that Ride. Interference will be called if during that Ride a majority of Judges determine that a BW Surfer has hindered the scoring potential of the BW Surfer deemed to have right of way for the wave.
- (b) Anyone who stands up in front of a BW Surfer with right of way has the chance to Ride or kick out of the wave without being called for interference, unless they hinder the scoring potential of the BW Surfer with right of way. These include excessive hassling, leash pulling or breaking down a Rule.
- (c) When interference is called on a BW Surfer in a BW Event, the BW Surfer's second-best wave score will be counted as a zero (0).

ADDITIONAL RULES APPLICABLE TO NAZARÉ BW EVENT

7.17 **Format: Nazaré BW Event**

- (a) The Nazaré BW Event format is of a tow-in surfing challenge. BW Surfers shall be selected by WSL and invited to participate in the Nazaré BW Event.
- (b) The Nazaré BW Event shall have the following format:
 - (i) Ten (10) teams (each a "Team") with two (2) BW Surfers in each Team, unless a special dispensation is made by WSL for a Special Team as set out below.
 - (ii) The Teams shall be selected by WSL in its sole discretion, and may consist of men, women, or both.
 - (iii) WSL shall also permit an individual BW Surfer to participate solo rather than as part of a Team, if determined appropriate by WSL in WSL's sole discretion. If a Surfer participates solo (referred to here as a "Special Team"), there shall be some

limitation on the wave count, as determined by WSL and set out below.

- (iv) Each Team shall be assigned a unique color. WSL shall provide the BW Surfers with competitor jerseys and a BW Surfer is required to wear the provided jersey throughout the Nazaré BW Event (i.e., during surfing as well as while riding on or driving a PWC)
- (v) Each competing BW Surfer must Ride at least two (2) waves in the Nazaré BW Event. Once each competing BW Surfer has ridden two (2) waves, each BW Surfer participating in a Team can determine the allocation of additional waves with his or her teammate.

7.18 Heats:

- (a) The ten (10) Teams participating at Nazaré BW shall be divided into two (2) groups: Group A and Group B, as determined by WSL in its sole discretion.

In the case of a Special Team (with a single competitor eligible to surf), the Special Team BW Surfer will be limited to participating in only the last thirty (30) minutes of each sixty (60) minute heat in order to maintain an equitable ratio of waves per heat compared to a BW Surfer on a Team with two (2) BW Surfers.
- (b) The Nazaré BW Event is expected to occur over a four (4) hour period with four (4) one-hour heats. WSL retains the right to extend the Nazaré BW Event or reduce the number of heats, depending on the conditions at the Nazaré BW Event. As determined by WSL in its sole discretion. WSL shall endeavor in each case to ensure that the total time allocated to each Team is comparable.
- (c) There will be a five (5) minute warning provided to all competing BW Surfers prior to the end of each heat at the Nazaré BW Event.

7.20 Priority

- (a) The Nazaré BW Event will utilize a rotating five (5)-surfer priority system. Initial priority shall be assigned based on a drawing by WSL before the Nazaré BW Event.
- (b) A Priority Judge and a Priority system operator will be positioned in a location with a clear view of the break and will allocate priority during the Nazaré BW Event, which will be communicated to the BW Surfers and their Support Staff via a visual display board and radio.
- (c) The Team with first Priority shall have the first choice to select any incoming waves. Teams with priority second through fifth may claim any wave that the Team with first Priority has passed on (in the order in which the remaining priority allocations are posted).

- (d) A wave will be considered selected once a BW Surfer lets go of the tow rope or makes a clear effort to line up the wave and exclude other Teams from freely catching it. Once a wave is selected by a BW Surfer, regardless of whether the BW Surfer Rides the wave, that BW Surfer's Team will drop to fifth Priority.
- (e) Once a Team rides a wave and recovers the BW Surfer, the Team must ride their PWC outside of the lineup to the "Ready Area" south of the break and complete a turn around a designated buoy or boat located in the Ready Area. Once the Team checks in at the Ready Area, they may resume surfing, starting at fifth Priority.
- (f) All BW Surfers are expected to observe customary rules for vessel interference and avoid interfering with other Teams, including minimizing wakes in the paths of the other Teams.

7.21

Priority Penalty

- (a) Any Team with lower Priority who clearly impede the efforts of a higher Priority Team to catch or Ride a wave will be guilty of a penalty infraction and will be penalized as determined by the Priority Judge. Based on the severity of the infraction penalties can include:
 - (i) Disqualification of the wave ridden by the interfering Team (if any);
 - (ii) Placing the interfering Team on Priority probation (permanent 5th/last Priority) for a specified time period;
 - (iii) Placing the interfering Team on "Standby Status" (i.e., such Team is not permitted to Ride any waves) for a specified time period; and/or
 - (iv) Disqualification of the Team from the Nazaré BW Event and from consideration for any category nominations; and/or
- (b) Any Priority penalties directed by the Competition Director will be communicated to the interfering Team and the other BW Surfers by radio.

7.22

Judging criteria for the Nazaré BW Event

- (a) Every Ride will be captured on video from as many angles as possible in an effort to fully show the various aspects of each Ride, including height of the wave, positioning and maneuvers on the wave and the length of the wave.
- (b) Following the conclusion of the Nazaré BW Event, a nominating panel, selected by the WSL in its sole discretion, will review the available content and select nominees for the following categories:
 - (i) Five (5) Nominees for Men's Wave of the Day.
 - (ii) Two (2) Nominees for Women's Wave of the Day.
 - (iii) Five (5) Nominees for Team Champions.
- (c) The nominations will be reviewed and voted on by the BW Surfers and other WSL judging invitees at an awards presentation held after the BW Nazaré Event.
- (d) The judging criteria for Wave of the Day will consider the following:
 - (i) Wave size from start to end of the Ride;
 - (ii) Number of powerful, functional maneuvers demonstrated;
 - (iii) Critical positioning in or near the barrel (if any); and
 - (iv) Successful completion of the meaningful portion of the wave.
- (e) The judging criteria for Team Champions will consider the following (non-exhaustive) list of criteria:

- (i) Excellence in surfing by both Team members (including Wave of the Day nominations);
- (ii) Excellence in PWC driving by both Team members as demonstrated by towing the surfing Team member into optimal situations on incoming waves; and
- (iii) Excellence in PWC driving by both Team members in executing post-ride rescues.

7.23

PWC and Team Responsibilities

- (a) The BW Surfers in Teams shall share the driving duties determined by the Team members at their discretion. A BW Surfer in a Special Team shall be permitted to have a qualified jet ski driver, as determined and provided by the Special Team BW Surfer, to drive the PWC for the Special Team. The Special Team BW Surfer shall not be obliged to undertake any driving responsibilities. For the avoidance of doubt, the jet ski driver for the Special Team is neither required nor permitted to surf during the Nazaré BW Event.
- (b) Each Team will provide a "Spotter" who will be positioned in the Nazaré BW Event tower, who will be the primary communication conduit to the Team via radio on an assigned private channel. The Spotter will be positioned adjacent to the Competition Director, the Priority Judge and the Water Safety Director and will assist in managing communications to his or her specific Team.
- (c) Each Team shall be responsible for the provision, storage, rigging and maintenance of their PWC and safety equipment. WSL shall only be responsible for provision of fuel on the day of the Nazaré BW Event, from a local provider, selected by WSL in its sole discretion. WSL makes no representations or warranties as to the suitability or fitness for purpose of the fuel.
- (d) WSL shall provide a waterproof radio for use during the Nazaré BW Event to each Team who requires a radio and requests the same in advance of the Nazaré BW Event, (including a Special Team, for use during the Nazaré BW Event.
- (e) All BW Surfers shall be solely responsible for their own surfing equipment, wetsuits, and personal flotation devices.

CHAPTER 8: WAVE SYSTEM (“WS”) EVENT RULES

The Rules in this Chapter are applicable to all competitive surfing Events that are conducted in a WS. In advance of any Event conducted in a WS, the Office of Tours and Competition will provide the rules for the Event to the Surfers competing in the Event at least fourteen (14) days prior to the start of the Event.

CHAPTER 9: AIRTOUR RULES

The Rules in this Chapter are applicable to all competitive surfing AirTour Events that are conducted.

9.01 Invitation of Surfers

- (a) Surfers (CT or non-CT Surfers) must be invited to compete in AirTour Events by WSL.
- (b) Surfers accepting an invitation from WSL to enter an AirTour Event must complete all necessary forms, waivers and contracts as requested by WSL before competing.
- (c) Performances both in and out of WSL competition will be taken into account when selecting which Surfers to invite to an AirTour Event.
- (d) Wildcards may also be selected to compete and could be selected by video competition or otherwise in the discretion of WSL.

9.02 Scoring: General Scoring

- (a) Each completed Air is scored and there can be multiple Airs during a Ride.
- (b) Each Air is scored from 0.1 to 10.0 (ten), broken into one-tenth increments (e.g., 7.3).
- (c) The average of the three (3) Judge's scores is the score for the respective Air.
- (d) Qualifying Round:
 - (i) At the end of the qualifying round, a Surfer's best Air score is doubled and added to the Surfer's second-best score with the total being the Surfer's final qualifying round score.
 - (ii) For the avoidance of doubt, a Surfer's qualifying round Score can take into account Airs from both Heats during the Qualifying Round.
- (e) Final: At the end of the final, the Surfer's single best Air score is taken to determine their place.

9.03 Format

- (a) AirTour Events shall consist of eighteen (18) Surfers and the format will consist of a Qualifying Round and a Final.
- (b) The Qualifying Round involves six (6) heats that run for thirty (30) minutes each. Each Surfer will compete twice in the Qualifying Round. Once in Heats 1 – 3, and again in Heats 4 – 6.
- (c) The Surfer is placed into their Heat at the discretion of WSL.
- (d) The six (6) Surfers with the best qualifying round scores will progress through to the Final.
- (e) The Final is one thirty (30)-minute Heat, but subject to change by WSL.

9.04 Ties

- (a) For ties at the end of the qualification round, the tie will be split by counting each Surfer's next best counting Air score. If a tie cannot be broken in this manner, the tie will be broken as determined by WSL at the time in its sole discretion (e.g., by current ranking if available, surf-off or some other fair method of distinguishing the Surfer's performance).
- (b) For ties at the end of the final:
 - (i) For first place, a Surf-Off (or Surf-Offs) will be conducted between the relevant Surfers until a winner is determined. The Surf-Off will run for a time determined by WSL at the time.

- (ii) For all other places in the final, ties will not be broken and the relevant Prize Money for those places will be split equally between the Surfers.

9.05 **Scheduling:** An AirTour Event can be held at any time during the year, but dates will be at the sole discretion of WSL. CT Events may be given priority during their Event Window. An AirTour may also be run or sanctioned separate from a CT Event.

9.06 **Judging Panel Composition:** The judging panel for an AirTour Event will comprise of three (3) international judges.

9.07 **Judging Criteria**

- (a) Surfers must perform to the WSL judging key elements to maximize their scoring potential.
- (b) Judges analyze the following major elements when scoring a completed Air during an AirTour Event:
- Innovative and progressive maneuvers;
 - Degree of difficulty;
 - Technicality;
 - Height/amplitude;
 - Commitment;
 - Style;
 - Speed;
 - Power; and
 - Control.

It's important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes of conditions during the day.

The following scale may be used to describe a Ride that is scored:
0–1.9 = Poor; 2.0–4.9 = Fair; 5.0–6.4 = Good;
6.5–7.9 = Very Good; 8.0–10.0 = Excellent

9.08 **Priority and Interference**

- (a) There is no priority during an AirTour Event.
- (b) Interference rules for non-priority situations apply (see Rule 11.04) except that if an interference is called on a Surfer, only the Surfer's best wave will be counted for their heat score.

CHAPTER 10: COMPETITION RULES

The Rules in this Chapter are applicable to all Events unless specifically stated otherwise in this Chapter or a rule directly conflicts with this Rule Book, in which case, the conflicting rule in its respective Chapter will apply.

- 10.01 **The "Call":** For CT Events and non-CT Events where a representative of the Office of Tours and Competition attends in their official capacity:
- (a) In relation to competition proceeding, the waves must be considered contestable in size and shape. The Head of Tours and Competition (or designated representative) will make the final decision (i.e., the "Call") in consultation with the Head Judge and CT Surfer Representative(s).
 - (b) If conditions are deemed contestable for both men and women in accordance with Rule 10.01(a) and both men's and women's Surfer Representative cannot agree as to whether the men or women will compete first, the Head of Tours and Competition (or designated representative) will make the final decision in consultation with the Surfing Director and Head Judge.
 - (c) Where Rule 10.01(a) and (b) does not apply:
 - (i) In relation to the competition proceeding, the waves must be considered contestable in size and shape in the opinion of the majority of the WSL Surfer Representative, WSL Head Judge and Surfing Director. This decision is to take place in a private area with only the three (3) parties mentioned above involved. The Surfers Representative is to be determined by the remaining Surfers in the Event provided their heat is not the first heat to continue after the call. For a combined Event, the Surfing Director, men's and women's Surfer Representatives and Head Judge will meet to make the call.
 - (ii) If conditions are deemed contestable for both men and women in accordance with Rule 10.01(c)(i) and both men's and women's Surfer Representative cannot agree as to whether the men or women will compete first, the Surfing Director will make the final decision in consultation with the Head Judge.
 - (d) The Head of Tours and Competition (or representative) or Head Judge can call the Event "off" during a heat if no waves are ridden and conditions deteriorate rapidly or unexpectedly.
- 10.02 **Heat Times**
- (a) For heat times of all WSL Events, please refer to Rule 2.08.
 - (b) Variations to heat times in CT Events and QS/Challenger Events may be allowed in cases where there may be insufficient time to finish an Event. The Office of Tours and Competition representative, Surfing Director and WSL Head Judge will decide this at the relevant time.
 - (c) WSL timing devices and methods must be used at all WSL Events. The WSL Head Judge will officiate timing of all heats.
 - (d) Under no circumstance will there be any time extensions once a heat has started. If a heat is interrupted for any reason it will be stopped by the WSL Head Judge and will be resumed with all Surfers are in as near as possible the same position at the time the heat was stopped and will run for the remainder of the originally set period. If in a priority situation, Surfers retain their priority position. Notwithstanding the foregoing, if the WSL Head Judge in their sole discretion determines no Surfer had a definite advantage at the time of cancellation or altered

conditions make it impossible for the Judges to keep the same scale, the entire heat may be re-run.

- (e) If no Surfers have had a Ride after ten (10) minutes have passed in any heat of thirty (30) minutes or less or Event finals, the Head Judge may: (a) continue, with the priority situation maintained; (b) restart, with the priority situation continuing if it had been established; or (c) post-pone and re-run the heat in their sole discretion taking into account all circumstances.
- (f) If no Surfers have had a Ride after fifteen (15) minutes have passed in any heat of thirty-five (35) minutes or more (except for Event finals), the Head Judge may: (a) continue with the priority situation maintained; (b) restart, with the priority situation continuing if it had been established; or (c) post-pone and re-run the heat in their sole discretion taking into account all circumstances.
- (g) The Head of Tours and Competition or Head Judge may declare that there will be no heat restarts for an Event prior to any Event starting due to time restrictions.
- (h) If the Beach Marshall tells Surfers in a heat the wrong heat time then the following shall occur:
 - (i) If actual heat time is shorter than the time told by the Beach Marshall, there will be a restart at a later time for the remaining time period with all Surfers starting from the line-up.
 - (ii) If actual heat time is longer than told by the Beach Marshall, the heat will run through to the end of the actual set time by the Head Judge.
- (i) For non-CT Events, the Surfing Director is the only person who can give the exact schedule of Events, however information provided on the Event's official notice board by them or by the Beach Marshall will be considered official. If any other employee of the Event or WSL is asked, and wrong information is received, subsequently missing a heat or some other problem, then the Surfer has no form of protest. If the Surfing Director gives wrong information and a Surfer subsequently misses a heat, then a re-surf must occur. The Surfing Director may also at their discretion hold a Surfer's heat at an unscheduled time if they determine the Surfer has a legitimate excuse to warrant such an action. For CT Events, the role of the Surfing Director above will be the responsibility of the Office of Tours and Competition.
- (j) The Event licensee must provide an official notice board where the daily schedule is posted for all the Surfers to view at any time.

10.03

Heat Start & Finish

- (a) All Surfers must remain in any designated marshalling area prior to the heat start if informed to do so. The marshalling area will be determined by the Head Judge.
- (b) Siren or horn blasts must be used to start and finish heats with one (1) blast to start and two (2) blasts to finish.
- (c) A five (5)-minute visual warning as described in Rule 10.03(d) and a PA warning is to be given prior to the finish of the heat.
- (d) For the timing disc system, a large disc system, at least 750 mm square, must also be used with a green side to indicate the heat has started (visual warning) and a yellow or orange (orange for those Events wishing to use yellow as a vest color) to indicate to the Surfers there is less than last five (5) minutes left in the heat.
- (e) The commentator must give a five (5)-second countdown at the end of

each heat and when the countdown reaches zero the siren must sound and the heat must end immediately as per Rule 10.03(c). The official end of the heat is at the start of the first blast.

- (f) The timing disc system must be in the neutral position with no color showing once the commentator reaches zero in the countdown.
- (g) At the end of the heat, Surfers must return to the beach in a prone position. A surfer can be penalized at the Head Judges discretion if the Surfer rides a wave during the next heat. In addition, any Surfer who remains in the Competition Area during the next heat and does not make every effort to return to the beach can also be penalized in accordance with this Rule Book.
- (h) At the end of and during the heat the Surfer must be clearly in possession of the wave on the wave face, making a movement to stand, their hands having left the rails (rail grabs excluded) for the wave to be scored. No waves are to be scored by the judging panel if a Surfer's hands have left the rails by the time the siren first starts at the beginning of the heat or if, before the time the first of the two sirens starts for the end of the heat, the Surfer's hands haven't left the rails.
- (i) A Surfer must not Ride a wave in the Competition Area prior to the start of their heat or the Ride will not be scored and a fine per wave may be imposed. If in a priority situation, their opponent(s) will automatically gain priority, unless on official hold.
- (j) Time delay between heats once the Surfers in the heat have paddled out, must be no more than two (2) minutes unless due to unforeseen circumstances or if the overlapping heat format is being used.
- (k) At five (5) minutes before the start of competition, Surfers will be warned that they must leave the Competition Area. At the two (2)-minute warning any Surfer still in the Competition Area who is not making a concerted effort to paddle to the beach will be fined in accordance with Rule 14.12.
- (l) For finals Events, it will be recommended that the heat be started once a set has reached the Competition Area.

10.04

Heat Interruptions

- (a) In the Event of any heat having to be stopped by extreme danger potential as decided by the WSL Head Judge and the Head of Tours and Competition (or their designated representative) at CT Events or the Surfing Director at non-CT Events, the following procedures are to be adopted:
 - (i) Head Judge to stop heat and start continuous horn blasts and moving of timing disc system to off position.
 - (ii) If available, communicate with jet skis drivers to remove Surfers from the Competition Area to safety in accordance with the WSL PWC safety management plan and Chapter 12 of this Rule Book.
 - (iii) When it is determined by the same people or person who stopped the heat that conditions are again safe, the heat will restart with the time left from when the heat was stopped unless the Head Judge deems that conditions have changed or that fair competition between the Surfers would be compromised. In these situations, the heat will restart for the full time period.
- (b) If a Surfer feels they are in danger due to shark or similar risk of animal attack and they leave the water, the Head Judge must stop the heat and use the procedure in this Rule 10.04 to warn fellow heat Surfers even if the Head Judge cannot see the danger.

- (c) Where an incident occurs that deems a heat may be re-surfed in accordance with a Rule of this Rule Book, the heat will be called as “under review.” The relevant Surfers (as determined by the Head Judge) will be notified immediately and should a re-surf be declared, the results earned in the heat that caused the re-surf will be substituted by the re-surf heat results for official purposes.
- (d) Where unforeseen circumstances occur relating to a heat, the Office of Tours and Competition (CT Events) or WSL Tour Representative (non-CT Events) will consult with the WSL Head Judge and Surfing Director to determine a resolution, which may include a re-surf of the heat.
- (e) In CT Events only, the Head Judge can suspend a heat (indicated by a single horn blast) at any time to review an incident that may affect the current heat situation. Upon completion of the review and a decision being made, the heat can either;
 - (i) Continue from the time it was suspended; or
 - (ii) Restart if the incident was deemed to affect the current heat situation.

The Head Judge will consult with the Head of Tours and Competitions Office or others deemed relevant by the Head Judge at the time, and Surfers will be notified of (i) or (ii) by beach commentators.

- (f) In the event of a sound system failure, the heat can be placed on hold at the discretion of the Head Judge, who will communicate with the water safety team to inform Surfers of the situation. The Head Judge will decide in its discretion whether to restart or recommence a heat once a heat has been placed on hold.

10.05 **Wave Tabulation:** Heat tabulation for all WSL Events:

- (a) the high and low Judges’ scores are eliminated for each wave;
- (b) then the average of the remaining Judges scores totaled will be determined out of ten (10), to two (2) decimal places; and
- (c) at the end of the heat a Surfer’s two (2) best counting Rides are totaled for such Surfer’s heat score.

10.06 **Ties:** Where heat scores are tied, the tie will be split by:

- (a) counting each Surfer’s best counting wave score;
- (b) in the event that the tie cannot be broken in this manner, the Tabulator would then compare each Surfer’s next best wave until the tie is broken; and
- (c) if the tie can’t be broken after the forgoing, the Surfers will Surf off unless the tie is to zero, then the advancing procedure to the next round will be per their seeding. Notwithstanding the foregoing, the Head of Tours and Competition will have discretion to re-surf the heat where the Head Judge determines there were no rideable waves.

10.07 **Protests:** Judges’ decisions in Events that involve judgment, such as, but not limited to, the score for a Ride, are final. No Surfer may protest any such judgment decisions. If there is a reasonable belief that a Judges’ decision in an Event is in conflict with the rules in this Rule Book, a Surfer may appeal the decision and ask that a correct ruling be made. The process for lodging a protest is as follows.

- (a) A Surfer must fill out a protest sheet, which is available from the Beach Marshal.
- (b) A Surfer must return the completed protest sheet to the Beach Marshal.
- (c) The Beach Marshal will provide the protest sheet to the WSL Head Judge.

- (d) The WSL Head Judge will discuss the protest with the Surfer at the end of the day for up to thirty (30) minutes.
- (e) The WSL Head Judge will then consider the protest and render a final decision. There will be no further review of the protest.

10.08 **Announcements**

- (a) Beach commentators must understand the basic rules and criteria and can never announce approaching sets.
- (b) The Head Judge has the right to override sound blackouts while television crews etc. are doing interviews and can tell the beach commentators to make timing and situation calls during their interviews. It is imperative that Events provide interview areas in low sound locations (and, in any event, beach interviews should not be conducted near speakers). Communication with the Surfers in the water and compliance with this Rule Book always has priority.
- (c) During a heat, the beach commentator should not announce the Surfers' scores or standard of Ride until all the Judges' scores are entered into the system.
- (d) Scores and heat situation must be announced throughout the entire heat.
- (e) If the beach commentator gives a score and it is wrong due to either Judges entering an incorrect score or the commentator giving the wrong score, the Surfers will have no form of protest.
- (f) If any Surfer requires information from the water during a heat they must use hand signals as described below:
 - (i) Scores or heat situation (Last score, heat score, score needed to win, etc.) is one arm straight directly above the Surfer's head.
 - (ii) Time remaining is one hand touching another above the head.
 - (iii) Priority is both arms above the head.

10.09 **Surfer Caddy Rules**

- (a) A Surfer must register their Caddy with the Beach Marshall prior to receiving their competition jersey and such Caddy must not be subject to any current discipline or order of WSL. Please refer to Rule 14.09 for consequences.
- (b) A Surfer's Caddy (one (1) per Surfer maximum) may enter the water once a board is lost or broken unless in surf conditions where water Caddys are not being allowed.
- (c) Water Caddys may enter the water in a defined marshalling area if the WSL Head Judge deems fit.
- (d) If the Caddy rides a wave the Surfer who they are caddying for will be fined per wave and if they interfere with the other Surfers in any way, in the opinion of the judging panel. Interference will also be levied on the Surfer for whom they are caddying.
- (e) All Caddies are subject to this Rule Book just as the Surfer they represent is, which may be enforced on the Surfer if the Cady fails to comply with this Rule Book.
- (f) Surfers may only use replacement surfboards carried by their own Caddy once their heat has started.
- (g) Any use of any equipment other than a surfboard (e.g., inflatable boats, water patrols' boards or jet skis, photographers' craft or previous or current heat Surfers' or other Caddies surfboards) will be deemed an interference if the Surfer, after using one of them, re-enters the Competition Area and Rides an extra wave, or interferes with any other Surfer by paddling or positioning. Notwithstanding the foregoing, if the

water patrol determines that a Surfer is in a life-threatening situation, the water patrol may remove the Surfer from the impact zone and place the Surfer in a safe place, no closer to the Primary Take-Off Zone, from where the Surfer may continue their heat.

- (h) Caddies that have passed on their board to the Surfer they are caddying for can obtain use of the PWC, if being used and available, to transport them to a lost surfboard or the beach. If they are taken to the lost surfboard, they can transport it back to the marshalling area; however, if they are transported to the beach, they must paddle back to the defined marshalling area for Caddies.
- (i) If a Surfer has elected to have no Caddy, then they must return to the beach or boat holding their extra surfboards to make the changeover.
- (j) Surfers must make their own way back to the Primary Take-Off Zone under their own power, without assistance in any way other than as permitted by a PWC within this Rule Book.
- (k) The Head Judge may set parameters at the beginning of an Event for all Caddies to adhere to strictly in relation to the behavior and this Rule Book.

10.10 **Electronic Coaching.** Surfers are prohibited from receiving electronic communication in the Competition Area from any source outside of the WSL Tour Representative.

10.11 **Approved Equipment**

- (a) At all times, the Office of Tours and Competition will have right to require Surfers to use equipment specified by the Office of Tours and Competition whether for safety or other reasons. Notwithstanding the foregoing, the Office of Tours and competition will not have the right to use a specified brand of surfboard or leash. At all times, fair competition and the best interests of the sport will be the priority.
- (b) WSL Tour Director at Events and may in the Director's discretion declare a Surfer ineligible to be scored or their scores/results forfeited if the instructions relating to equipment being used are not followed by a Surfer. Surfers may be denied the ability to use certain equipment while competing in Events (i.e., no SUPs, paddles or surf skis).

10.12 **Failure to Compete:** In non-CT Events where Surfers refuse to compete, even though the majority of the Head Judge, Surfing Director and Surfer Representative has agreed competition will continue, a penalty will be issued to all Surfers that fail to compete in accordance with Chapter 14. If no Surfers compete, then the highest seed will advance. The heat is to run as scheduled with or without the Surfers in the water.

10.13 **Competition Attire**

- (a) Under no circumstances can a Surfer be forced to wear any attire while competing or in award ceremonies other than the competition jersey.
- (b) Surfers will wear the competition jersey provided by WSL until returned to the Beach Marshall at the completion of the heat, and if appropriate, during post-heat interviews or during the awards presentation.
- (c) The covering of the competition jersey by national flags, towels, etc. is not allowed.
- (d) Surfers may bring their surfboard onto the awards presentation stage; provided that any such surfboard is held by the Surfer at their side.
- (e) Surfers may wear a wetsuit/shorts, footwear, sunglasses and/or watch provided to them by their apparel, equipment and/or accessories sponsor bearing the branding of the sponsor on the awards presentation stage; provided that such items are a bona fide part of the

business of such sponsor. Surfers may also wear on the awards presentation stage a cap or other headwear (and/or carry a drink bottle) bearing the branding of a personal sponsor, if approved by WSL (which may be withheld).

10.14

- (a) Event licensees must adhere to the obligations as set out in the relevant WSL Event license agreement and Event Planner.
- (b) All functions, meetings, etc. are to be held near the Event Site and at a reasonable time.
- (c) All Events must supply trophies for at least all finalists in each Event.

 - (viii) All WSL Events must provide adequate accommodation as decided by the WSL (one (1) person per room in accommodation near the Event site) for the WSL selected staff for the duration of the Event. The WSL Tour Director is to be directly involved in the selection and approval of accommodation for WSL travelling staff. If, after consultation with the contest, accommodation is not in compliance with WSL, in the judgment of the WSL Tour Director, WSL staff will attempt to find adequate accommodation in accordance with the relevant WSL Event Planner, which will be charged to the Event. Accommodation details, including hotel name, address, phone numbers, etc. must be provided to the relevant WSL Regional Office at least one (1) month prior to the Event start.
 - (ix) WSL will fine Event licensees if obligations under this Rule Book are not fully complied with. Any fines imposed must be paid upon WSL's demand and prior to any further license being provided to the Event licensee. - (d) For still cameras only 135 mm or longer lenses allowed.
- (e) Video and motion picture must use the equivalent focal length lenses to 50 mm or longer in 35 mm format.

10.16 **Double Banks:** For double banks to be used during an Event, the WSL Tour Director, WSL Head Judge and a Surfer Representative must agree that it is required to finish the Event in time and:

- (a) a "no competition zone" of at least one hundred (100) meters between the two (2) banks must exist; and
- (b) a minimum three (3) Judge panel (with all Judges scores counting towards the final average) to be used.

10.17 **Time Extensions to Non-CT Events**

- (a) Extensions to any non-CT Event will only be allowed if approved by WSL and the majority of Surfers still in the competition agree. The Event is responsible for paying all the Surfers' reasonable costs as a result of extending the time period. Surfer(s) unable to remain will receive points and the Prize Money equivalent to the round they have reached.
- (b) If a non-CT Event changes and/or cancels its dates within sixty (60) days of the original scheduled Event start date, then the Event licensee (not WSL) will be responsible to cover all costs incurred which are unavoidable. This includes costs for the Surfers, officials and WSL staff re-scheduling or cancelling each of their flights and accommodation.

10.18 **Non-CT Event Cancellation Due to Force Majeure or Lack of Competitive Surf relating to Points and Prize Money**

- (a) Without effecting any Force Majeure clause in a relevant WSL Event license agreement, if an Event is cancelled due to Force Majeure or lack of competitive surf, the following is applicable:
- (b) If the Event has not started:
 - (i) All Surfers that have paid an entry fee and are not guaranteed Prize Money will have their entry fee refunded.
 - (ii) Seeded Surfers, who have paid an entry fee and are guaranteed Prize Money shall receive the minimum Prize Money, but their entry fee is non-refundable.
- (c) If the Event has started but the first Prize Money heat has not started, all Surfers will receive the points applicable to their result at that time and:
 - (i) Surfers who have competed and lost receive no refund.
 - (ii) Surfers who are still competing but not guaranteed Prize Money are refunded their entry fee.
- (d) Seeded Surfers who have paid an entry fee and are guaranteed Prize Money shall receive the minimum Prize Money, but their entry fee is non-refundable.
- (e) If a Prize Money Round is not completed:

- (i) Advancing Surfers shall receive the points applicable to the last non-advancing place in the uncompleted round. Prize Money, however, shall be applicable to the following round.
 - (ii) Non-advancing Surfers, who have already lost shall receive points and Prize Money applicable to that round.
 - (iii) Non-advancing Surfers, who have not competed shall receive points for the last non-advancing place in the uncompleted round and the Prize Money from that round.
 - (iv) The balance of the Prize Money is shared between all those Surfers still in the Event.
- (f) If the Event is cancelled after a Prize Money Round is completed, all Surfers still in the Event the receive points for the minimum placing in that round they advanced to and share equally in the remaining Prize Money.

10.19 **Death or Disablement of a Surfer at an Event**

- (a) If a Surfer dies (not in competition) or becomes disabled at an Event, WSL will hold a meeting consulting all remaining Surfers in the Event and a decision will be made by the Office of Tours and Competition (or their representative) on whether the Event will continue or be cancelled. If a Surfer dies while competing during a heat, the Event will be cancelled and the same would be considered a Force Majeure Event. If the Event is cancelled, Rule 10.19 will apply as applicable.

CHAPTER 11: PRIORITY RULES & INTERFERENCE

11.01 Application of Priority Rules & Interference

- (a) The Rules in this Chapter are applicable to all WSL Events unless specifically stated otherwise in another Chapter.
- (b) An interference penalty can only be called if a majority of the judging panel mark an interference on their judging sheet.
- (c) The Head Judge will be able to call an interference penalty if a majority decision could not be reached (taking into account Judges who did not see it cannot vote on the call).
- (d) Where unforeseen circumstances occur with respect to competition, including but is not limited to priority and timing, a resolution, which may include a re-surf, will be determined by;
 - (i) At CT events: The WSL Head Judge and/or Head of Tours and Competition will consult with any relevant people at their discretion.
 - (ii) At Non-CT events: The WSL Head Judge will consult with the WSL Tour Representative, Surfing Director, or other relevant people at their discretion.

11.02 Overlapping Heats: When Overlapping Heats are being conducted at an Event:

- (a) Two (2) Surfer priority rules will apply to each individual heat. Priority will be displayed and announced separately for each heat.
- (b) The Surfers in the heat that started first ("**First Heat**") have unconditional priority over the Surfers in the other heat ("**Second Heat**"), no matter where they are in relation to the Line-up.
- (c) Interference penalties will apply to each individual Heat and to any Surfer who interferes with either of the Surfers in the other Heat.
- (d) If there is deliberate unsportsmanlike interference by any Surfer with either of the Surfers in the other heat, the Judges can call an interference penalty against the interfering Surfer even if the Surfer has unconditional priority. If the Judges call an interference penalty, the value of the interfering Surfer's highest scoring Ride will tally as a zero.
- (e) A heat cannot be restarted if no Surfers have had a Ride, as per Rule 10.02(e) and (f).
- (e) If a Surfer with Priority in the Second Heat paddles alongside a Surfer in the First Heat whom then catches the wave, the Second Heat Surfer will not lose their Priority.

Non-Priority Rules

11.03 Right of Way in Non-Priority Situations

- (a) For non-priority situations, the Surfer deemed to have the inside position for a wave has unconditional right of way for the entire duration of that Ride. An interference penalty will be called if during that Ride a majority of Judges determine that a Surfer has hindered the scoring potential of the Surfer with the right of way for the wave. Examples of interference include excessive hassling and leash pulling. If the Judges call an interference penalty, the value of the interfering Surfer's second highest scoring Ride will be halved.
- (b) The choice of right-of-way criteria for each of the situations described within Rules regarding "Right of Way in Non-Priority Situations" is the responsibility of the WSL Head Judge or the most senior available

WSL Judge in that order.

- (c) Wave possession or right of way in these situations will vary slightly under the following categories as determined by the nature of the contest venue. Basically, it is the responsibility of each Judge to determine which Surfer has the inside position based on whether the wave is a superior right or left, but never on which Surfer is first to their feet.
- 11.04 **Point Break:** When there is only one available direction on any given wave, the Surfer on the inside shall have unconditional right of way for the entire duration of that wave.
- 11.05 **Reef or Beach Break – One Peak Situation:** If there is a single well-defined peak with both a left and a right available, at the initial point of take-off and neither the right or left can be deemed superior then the right of way will go to the first Surfer who makes a definite turn in their chosen direction (by making an obvious right or left turn). A second Surfer may go in the opposite direction on the same wave without incurring a penalty, providing they do not interfere with the first Surfer who has established right of way (i.e., they may not cross the path of the first Surfer in order to gain the opposite side of the peak unless, in the majority of Judges opinion, they do so without hindering the inside Surfer).
- 11.06 **Reef or Beach Break – Multiple Peak Situations:** With multiple random peaks wave possession may vary slightly according to the nature of an individual wave.
- (a) With two (2) peaks, there will be cases where one (1) swell will have two (2) separate, defined peaks far apart that eventually meet at some point. Although two (2) Surfers may each have inside position on those respective peaks, the Surfer who is first to their feet shall be deemed to have wave possession and the second Surfer must give way by cutting back or kicking out before hindering the right of way Surfer.
 - (b) If two (2) Surfers stand at the same time on two (2) separate peaks that eventually meet, then:
 - (i) If they both give way by cutting back or kicking out, so that neither is hindered, there will be no penalty.
 - (ii) If they collide or hinder one another, a Surfer will be penalized by the Judges if either or both indicate aggression at the point of hindrance. If an interference penalty is called, the value of the interfering Surfer's second highest scoring Ride will tally as a zero.
 - (iii) If neither Surfer gives way by exiting the Ride and both share responsibility for the confrontation, then both Surfers will receive an interference penalty and the value of their second highest scoring Ride will be halved.
- 11.07 **"Snaking"**
- (a) The Surfer who is farthest inside at the initial point of take-off and has established wave possession is entitled to that wave for the duration of their Ride, even though another Surfer may subsequently take off behind them. The Judges will not penalize the Surfer because they have right of way even though they are in front.
 - (b) If the second Surfer has not hindered the original Surfer with right of way, then the Judges may choose not to penalize them and will score both Surfers' Rides.
 - (c) If in the opinion of the Judges, the second Surfer has interfered with (snaked) the original Surfer with right of way, by causing them to pull out or lose the wave, then an interference penalty may be called on the

second Surfer, even though they were behind the first when the penalty was called. If an interference penalty is called, the value of the Surfer's second highest scoring Ride will be halved.

11.08 **Paddling Interference**

- (a) A Surfer paddling for the same wave should not excessively hinder another Surfer who has inside position.
- (b) An interference penalty may be called if:
 - (i) The violating Surfer makes contact with the inside Surfer hindering them and resulting in the Surfer having to change their line while paddling to catch the wave causing possible loss of scoring potential.
 - (ii) The violating Surfer obviously causes a section to break down in front of the inside Surfer which would not normally have done so causing loss of scoring potential.
 - (iii) If an interference penalty is called, the value of the interfering Surfer's second highest scoring Ride will be halved.
- (c) In the event of a collision or near miss between a Surfer paddling out and a Surfer Riding a wave, which adversely impacts the scoring potential for the Surfer Riding the wave (if the majority of the Judges deem the collision/near miss occurred on a wave with no scoring impact on the current heat result then there is no interference penalty), the following applies:
 - (i) If a Surfer paddling out has no ability to remove themselves from the line of a Surfer Riding a wave, then there is no interference penalty.
 - (ii) If a Surfer paddling out accidentally causes a collision or near miss with the Surfer Riding a wave, it is up to a majority of the Judges to call an interference penalty. In determining whether to call an interference penalty, the Judges will consider the Surfer's safety and the Surfer's positioning/effort to avoid the situation. If an interference penalty is called, the value of the interfering Surfer's second highest scoring Ride will be halved.

If a majority of the Judges determine that the Surfer paddling out deliberately caused the collision or near miss with the Surfer Riding a wave then an interference penalty will be called on the Surfer paddling out, and the value of the interfering Surfer's highest scoring Ride will tally as a zero. If a majority of the Judges determine that the Surfer Riding the wave deliberately caused a collision with a Surfer paddling out, then an interference penalty will be called on the Surfer Riding the wave and the value of the interfering Surfer's highest scoring Ride will tally as a zero. Any such interfering Surfer will be subject to additional sanctions under Rule 14.02.

Priority Rules

11.09 **Right of Way using the Priority System**

- (a) For heats where priority applies, the priority system will determine which Surfer has priority to a wave at that time. The Surfer with priority has the unconditional right of way and can paddle for and Ride any wave they select. The Surfer's opponent(s) can paddle for and Ride the same wave in any direction and be scored providing they do not;
 - (i) Hinder the scoring potential of the Ride for the Surfer with priority.
 - (ii) Cross in front of or bottom turn around the Surfer with priority,

regardless if the Surfer is up and Riding a wave or in the process of catching a wave.

- (b) If a Surfer without priority does not comply with Rule 11.09(a), an interference penalty will be called against them and the value of their second highest scoring Ride will tally as a zero.
- (c) If a Surfer incurs an interference penalty, they will lose priority. The Priority Judge will determine the new priority position of the Surfers in the heat.

11.10 **General Priority**

- (a) Before Priority has been established, all non-priority rules apply.
- (b) The Priority Judge will make any call on Priority using a colored display system corresponding to the Surfer's competition jersey colors in the water to indicate priority and may consult the judging panel for close calls. With all display systems, if vertical then order of priority will be from top to bottom and if horizontal then order will be from left to right. Once Priority has been established, it is the Surfer's responsibility to check the priority system for their priority position at all times.

11.11 **"Blocking Rule" in Non-Priority Situations:** For all Events with a Priority Judge, a Surfer with the inside position will be allocated lowest priority applicable at the time if they:

- (a) Make a committed paddle for a wave and block a Surfer from catching that wave; or
- (b) Position themselves in the take-off zone and block another Surfer from catching a wave.

11.12 **Excessive Hassling in Non-Priority situations:**

- (a) For all Events with a Priority Judge, if in the opinion of the Priority and Head Judge, a Surfer excessively hassles, blocks or hinders another Surfer from paddling in the line-up they will be allocated the lowest Priority applicable at the time. If the behavior is aggressive or unsportsmanlike then an interference penalty may also be called, and the value of the Surfer's second highest scoring Ride will be halved. The Surfer will also be subject to additional sanctions under Rule 14.02.
- (b) Subject to Rule 11.11(c), wave priority is lost as soon as a Surfer Rides a wave or makes a committed paddle to catch and misses a wave.
- (c) Rule 11.12(b) will not apply in three (3)-Surfer or four (4)-Surfer heats if the Surfer is:
 - (i) Paddling alongside a Surfer with higher Priority, who then catches the wave.
 - (ii) They are blocked by a Surfer with higher Priority by paddling or positioning.
- (d) If a Surfer inside has second or third priority and their opponent paddles for, but misses a wave, the inside Surfer automatically assumes the higher priority. Therefore, if they also paddle for, but miss the wave, then they have also lost priority. That is, both Surfers have then lost priority even though only one (1) wave has passed and there was not sufficient time to change the priority.

11.13 **"Blocking Rule" in Priority Situations:**

- (a) The Priority Surfer will lose priority if in the opinion of the Head Judge or Priority Judge they:
 - (i) Paddle in front of the non-Priority Surfer to deliberately impede them from catching a wave.
 - (ii) Position themselves in the take-off zone to prevent another Surfer

- from catching a wave.
- (iii) Use their priority by either paddling for or taking off on a wave to block their opponent when the Surfer with priority appears to have had no intention to score. In this situation, priority can be awarded regardless of which Surfer reaches the take-off zone first after the Ride.
 - (b) If a Surfer with superior priority paddles outside the Primary Take-off Zone (including if they sit on inside position), the Surfer will have their Priority suspended until they re-enter the Primary Take-off Zone. If the Surfer does not re-enter the Primary Take-off Zone, they will no longer be the Priority Surfer. The Priority Judge will determine the Surfer's new priority position in the heat. All attempts will be made to verbally announce the Priority Surfer as they start to leave the Primary Take-off Zone by a verbal warning via the PA system. Surfers should not rely on the verbal warnings and should always confirm priority by viewing the Priority Disc for the Event.
 - (c) An interference penalty may be called individually by the Head Judge only if the majority of the judging panel do not see the incident. If an interference penalty is called, the value of the interfering Surfer's second highest scoring Ride will tally as a zero.
 - (d) In all cases where a dispute results from a decision or a malfunction of the priority system, the Office of Tours and Competition (CT Events)/WSL Tour Representative (non-CT Events) will consult with the WSL Head Judge and Surfing Director to determine a resolution, which may include a re-surf.
 - (e) Allocation is based on who the Priority Judge believes has reached the Primary Take Off Zone first. In cases where Surfers appear to reach the Primary Take-Off Zone at the same time, priority will go to the Surfer who did not have the last priority.
 - (f) Once a heat has ended all priority ceases. If a Surfer is Riding on a wave as the heat ends, they can't be interfered with by any Surfer (even if that Surfer had higher priority before the heat ended). If an interference occurs, an interference penalty will be called, and the value of the interfering Surfer's second highest score will tally as a zero.
 - (g) When there is PWC assistance, the allocation of Priority when two (2) Surfers are being transported at the same time will be decided by the Priority Judge after taking into account both pick-ups and drop-offs. PWCs cannot overtake each other at any time when returning a Surfer to the line-up.
 - (h) If the Head Judge or Priority Judge determines that priority is affected by either the PWC pilot's capacity or mechanical problems in a certain situation, priority will be allocated as the Head Judge or Priority Judge deems appropriate.
 - (i) If any unauthorized PWC assistance is used by any Surfer, they automatically move to lowest priority.
 - (j) When a Surfer Rides a wave or receives PWC assistance prior to a heat start, that Surfer takes the lowest priority position in their heat once it has begun and retains it after any restart under Rule 10.03.
 - (k) In the discretion of the Priority Judge, if a Surfer's equipment is damaged and they actively make their way to their replacement equipment (including catching a wave in prone position or use of a

PWC for Surfer safety) or when a Surfer gets washed out of the Primary Take-Off Zone by a set:

- (i) the Surfer's priority is suspended, indicated by the Surfer having "No Priority"; and
- (ii) the Surfer's priority position (1st, 2nd, etc.) they had when they were in the Primary Take-Off Zone can be reinstated once they return to the Primary Take-Off Zone.

11.14 **Two (2)-Surfer Heat Priority:** Two (2) surfer Heat priority works in the following manner, subject to Rules 11.11 and 11.13(j):

- (a) At the start of a heat, once the first wave has been ridden, the second Surfer gets automatic priority for any other wave they choose, unless the Surfer Rides the wave before the heat starts (refer to Rule 11.13(j)) or if the Surfer is not in the Competition Area before the heat start.
- (b) If a Surfer with second priority paddles for and misses a wave they will not lose their priority position unless (i) their hands left the rails, as they attempted to stand or they paddled outside the Primary Take-Off Zone, as determined by the Priority Judge and (ii) the Surfer with first priority Rides a wave and returns to the Primary Take-Off Zone before the Surfer with second priority.
- (c) Allocation is based on who the Priority Judge believes has reached the Primary Take-Off Zone first. In cases where Surfers appear to reach the Primary Take-Off Zone at the same time, priority will go to the Surfer who did not have the last priority.
- (d) If a Surfer is not in the Primary Take-Off Zone when the heat starts and arrives late, priority will be allocated to the other Surfer at the discretion of the Priority Judge.

11.15 **Three (3)-Surfer Heat Priority:** Three (3)-Surfer Heat priority works in the following manner, subject to Rules 11.11 and 11.13(j):

- (a) The first Surfer to Ride a wave then receives third priority (First Surfer).
- (b) The remaining two (2) Surfers in the heat have priority over the First Surfer and may paddle for waves without losing this priority until one of them catches a wave (Second Surfer).
- (c) Once the Second Surfer catches a wave, the initial heat priority order is established:
 - (i) The Surfer yet to catch a wave receives first priority; and
 - (ii) the remaining Surfers will receive priority in the order they return to the Primary Take-Off Zone.
 - (iii) The Surfer with first priority has priority over both other Surfers. The Surfer with second priority only has priority over the Surfer with third priority.
- (d) If a Surfer is not in the Primary Take-Off Zone when the heat starts and arrives late, the Surfer will be allocated the appropriate priority position as determined by the Priority Judge at the time when the Surfer reaches the Primary Take-Off Zone.
- (e) If a Surfer with third priority paddles for and misses a wave they will not lose their priority position unless (i) their hands left the rails, as they attempted to stand or (ii) they paddled outside the Primary Take-Off Zone, as determined by the Priority Judge.

11.16 **Four (4)-Surfer Heat Priority:** Four (4)-Surfer Heat priority works in the following manner, subject to Rules 11.11 and 11.13(j):

- (a) The first Surfer to Ride a wave receives fourth priority (First Surfer).
- (b) The remaining three (3) Surfers in the heat have priority over the First Surfer and may paddle for waves without losing this priority until the

- next Surfer catches a wave (Second Surfer).
- (c) The remaining two (2) Surfers in the heat have priority over the First and Second Surfer and may paddle for waves without losing this priority until one (1) of those Surfers catches a wave (Third Surfer).
 - (d) Once the Third Surfer catches a wave, the initial heat priority order is established:
 - (i) The Surfer yet to catch a wave receives first priority; and
 - (ii) the remaining Surfers will receive priority in the order they return to the Primary Take-Off Zone.
 - (iii) The Surfer with first priority has priority over all other Surfers. The Surfer with second priority only has priority over the Surfers with third and fourth priority. The Surfer with third priority only has priority over the Surfer with fourth priority.
 - (e) If a Surfer is not in the Primary Take-Off Zone when the heat starts and arrives late, the Surfer will be allocated the appropriate priority position as determined by the Priority Judge at the time when the Surfer reaches the Primary Take-Off Zone.
 - (f) If a Surfer with fourth priority paddles for and misses a wave they will not lose their priority position unless (i) their hands left the rails, as they attempted to stand or (ii) they paddled outside the Primary Take-Off Zone, as determined by the Priority Judge.

11.17 **Interference Penalty**

- (a) For priority situations when an interference is called on a Surfer, then the interfering Surfer's second highest Ride score will tally as a zero. Notwithstanding the foregoing, if there is an interference (e.g., by dropping in, paddling, blocking) that prevents a Surfer from performing on a potential scoring Ride (i.e., a Ride that the Judges determine could have resulted in one or the Surfer's two highest scoring Rides) in the final five (5) minutes of a heat, the value of the interfering Surfer's highest scoring wave will tally as a zero. For the avoidance of doubt, a violation of this Rule does not mean an automatic violation of Rule 11.20. If a majority of the Judges determine that the interference during the final five (5) minutes was intentional, the interfering Surfer will be disqualified and lose the heat.
- (b) In non-priority situations when an interference penalty is called on a Surfer, the value of the interfering Surfer's second highest scoring Rides will be halved.
- (c) When an interference penalty is called on a Surfer while paddling to catch a wave or while Riding a wave, the Ride will be scored zero.
- (d) Interference will be denoted by a triangle on the Judges sheet.
- (e) Any interfering Surfer will be penalized and once an interference decision is made, it can only be modified by the Head Judge if they deem the decision was made relying on inaccurate technology (video/audio). The Judges will not enter into any discussion over the interference call.
- (f) In non-priority heats, the Surfer who is interfered with will be allowed an additional wave beyond their wave maximum, within the prescribed time limit. Notwithstanding anything to the contrary, if there is a double interference called, neither Surfer gets an extra wave. An extra wave or heat delay as decided by the WSL Head Judge at the time will also apply to interference from water photographers, water security personnel or other outside interference.
- (g) Where any Surfer incurs two (2) interference penalties, they must

immediately leave the Competition Area (failure to do so will result in a penalty in accordance with Chapter 14 of this Rule Book) and:

- (i) If both interferences are in a non-priority situation, the value of each of the interfering Surfer's two highest scoring Rides will be halved.
- (ii) If one interference is in a non-priority situation and the other in a priority situation, the value of one (1) of the interfering Surfer's highest scoring Rides will be halved and the value of the other highest scoring Ride will tally as a zero.
- (iii) If both interference penalties are in a priority situation, the Surfer will be disqualified from the heat.
- (iv) In three (3), four (4), five (5) or six (6) Surfer heats, if the minimum amount of advancing Surfers can't be determined due to an unbreakable tie between the remaining Surfers, according to the rule above, then the Surfer(s) with the highest seeding will advance for the next round.
- (h) If neither Surfer in an interference situation has established priority over the other Surfer involved, the interference penalty will result in the value of the interfering Surfer's second best scoring Ride being halved regardless of whether the other Surfers in the heat (not involved in the interference situation) hold priority or not. This rule will be applied to one-on-one, three (3)-Surfer and four (4)-Surfer heats.

11.18 **Excessive Hassling in Priority situations:** In the opinion of the Priority and Head Judge, if a Surfer excessively hassles another Surfer who has Priority, in an unsportsmanlike manner, an interference penalty can be called against the interfering Surfer, and the value of the interfering Surfer's second highest score will tally as a zero. For the avoidance of doubt, a violation of this Rule does not mean an automatic violation of Rule 11.17(b) but may include sanctions under Rule 14.02.

11.19 **Using Priority:** In the opinion of the Priority or Head Judge, if a Surfer utilizes their priority in an unsportsmanlike manner to intentionally block another Surfer with lower or no Priority outside of the Primary Take-off Zone, an interference penalty will be called against the interfering Surfer, and the value of the interfering Surfer's second highest scoring Ride will tally as a zero. For the avoidance of doubt, a violation of this Rule does not mean an automatic violation of Rule 11.20.

11.20 **Serious Unsportsmanlike Interference:** If the Head Judge and the Head of Tours and Competition determine that an interference during an Event was intentional or unsportsmanlike and results in the injury of another Surfer, notwithstanding any penalty available under Rule 14.09 (which may include suspension from Events or an entire Tour), a Surfer will lose the benefit of counting their best Event result when calculating their Ranking on the relevant Tour (e.g., if this Rule is violated at a QS/Challenger Event, their QS Ranking will be effected). In addition, the heat in question can be re-surfed if determined by the Head Judge that the result was affected by the Surfer's conduct referred to within this Rule.

CHAPTER 12: PERSONAL WATERCRAFT (PWC) GUIDELINES

- 12.01 **Use of PWC:** All WSL Events have the option to allow the use of PWC assistance during an Event under the approved guidelines as decided by the Office of Tours and Competition from time to time, including those in this Chapter.
- 12.02 **Guidelines for PWC Use**
- (a) Events insurance must cover PWC's in case of accidents involving pilots, Surfers and the general public.
 - (b) PWC's will be allowed under the following conditions.
 - (i) Extreme surf conditions;
 - (ii) Long paddle back to line-up;
 - (iii) Safety reasons; and
 - (iv) When the wake will not cause adverse damage to the waves.
 - (c) The decision on the use of PWCs will be made by majority vote of the WSL Head Judge, Surfer Representative and Office of Tours and Competition (CT)/ Surfing Director (all other events).
 - (d) The direction they are to use to get back to the line-up will be determined at the Event by the WSL Head Judge and pilot's team leader with the route causing the least wake in the Primary Take-Off Zone.
 - (e) The line-up drop-off point will be preferably wide or outside of the Primary Take-Off Zone with a buoy to mark the position. The maximum paddle time from the line-up drop-off point to the Primary Take-Off Zone should be no less than thirty (30) seconds.
 - (f) The inside pick-up point is to be decided by the Head Judge on the day depending on surf conditions. Basically, near the end of the wave or set zone within the Competition Area, the PWC's will sit in deep water and move in as the Surfer exits a wave. If a Surfer fails to make the inside pick-up point, the PWC can't move up the line-up to get them. They must wait for the Surfer to paddle to the inside pick-up position unless a Surfer's safety is at risk. If a pilot acts contrary to this Rule, they are subject to discipline in accordance with this Rule Book.
- 12.03 **Qualified Pilots:** WSL will supply the Events with a list of qualified PWC pilots in accordance with the WSL PWC safety management plan. There will be two (2) lists of names.
- (a) The first list will be comprised of a select group from which one (1) must be selected and used as the Team Leader and decision maker. Contact WSL for this list.
 - (b) The second list will be comprised of all other authorized pilots from which the remainder of the pilots to be used must be chosen. All pilots must have CPR skills and tow in/out experience and any valid certificates must be shown prior to working at an Event.
 - (c) If WSL does not have an active PWC safety management plan at any time, the obligation to provide qualified PWC pilots will fall on the Event licensee/organizer and nothing in this Rule Book removes or substitutes any obligation within with the relevant Event license agreement.
- 12.04 **Priority:** The allocation of Priority when two (2) riders are being transported at the same time will be decided by the Priority Judge after taking into account both pick-ups and drop-offs. PWCs cannot overtake each other at any time when returning a Surfer to the line-

up drop-off point.

12.05 **Head Judge Authority with respect to PWC**

- (a) The WSL Head Judge may place a heat on hold due to unforeseen circumstances. If a Surfer is injured by a PWC during the course of a heat, the heat can be put on hold while the Surfer receives medical attention. Once the medical attention is completed, the heat will be restarted with the remaining available time in the heat.
- (b) If the Head Judge determines that priority is affected by either the PWC pilot's capacity or mechanical problems, priority will be allocated as the Head Judge deems fit.
- (c) The Head Judge will determine at the start of each day of competition if PWC assistance is permitted to transport the Surfers from where they have lost their surfboard to the marshalling area or the beach as directed (while safety concerns for any Surfer remain paramount).

12.06 **General**

- (a) Where only one (1) PWC is available, use of it will be suspended until such time as both PWCs are back in use or until the Head Judge, consults with the WSL Tour Director, Surfer Representative and Surfing Director and they have decided that it is suitable to allow the one (1) PWC to operate.
- (b) Two-way radio communication between all PWC pilots and Head Judge must be available at all times.
- (c) Caddies that have passed on their board to the Surfer they are caddying for can obtain use of the Surfer's PWC, if not being used and its available, to transport them to the lost surfboard or the beach. If they are taken to the lost surfboard, they can be transported back to the marshalling area; provide, however that if they are transported to the beach, they must paddle back to the defined marshalling area for Caddies.
- (d) If PWC assistance is used by any Surfer with priority they automatically lose that priority.

CHAPTER 13: JUDGING

- 13.01 **Selection of Judges:** No person who has a Vested Interest in a result of a heat or Event may Judge at a WSL Event. Only the Office of Tours and Competition will have the authority to make appointments and substitutions for an Event. A Surfer's request for the standing down of a Judge based on a claim they have a Vested Interest will be heard and handled by the Office of Tours and Competition. A person with vested interests is defined as a shareholder or Board of Director of a business enterprise, which sponsors or employs a Surfer competing in that Event, had commercial dealings with a Surfer or a relative of a Surfer or employees of any relevant industry associated with surfing.
- 13.02 **Judging Panel Composition:** The following compositions of judging panels must be available for the respective Event:

 - (m) **AIRTOUR:** The judging panel for an AirTour Event will be comprised of three (3) International judges.
 - (n) The WSL Head Judge is responsible for assuring that a minimum of five (5) International Judges sit on the panel for every heat of all CT Events. These five (5) International Judges will be taken from a pool of seven (7) International Judges and one (1) WSL

Head Judge supplied to the Event by WSL.

- (o) Other non-rated Judges can only be used in exceptional cases and only with WSL Judges Committee approval.
- (p) In Challenger Events where the WSL Head Judge is not in attendance, the replacement Head Judge will be decided by the WSL Judges Committee.

- (s) **BW:** One (1) International Head Judge, two (2) International Judges and two (2) local Judges.

13.03 **Split Panels:** In exceptional circumstances where the chances of finishing an Event are in jeopardy, a split panel of three (3) Judges may be used. If it is known ahead of time that split panels will be used (e.g., due to excess entry numbers), WSL Approval must be obtained and a minimum of a four (4)-Judge panel is permitted.

13.04 **Wave-Scoring Scale:** Rides are scored from 0.1 to 10.0 (ten), broken into one-tenth increments (e.g., 7.3).

13.05 **Judging Criteria (not relevant to Chapter 4 – Longboard and Chapter 7 – Big Wave Events:** Surfers must perform to the WSL judging key elements to maximize their scoring potential. Judges analyze the following major elements when scoring a Ride:

- Commitment and degree of difficulty
- Innovative and progressive maneuvers
- Combination of major maneuvers
- Variety of maneuvers
- Speed, power and flow

It's important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes of conditions during the day.

The following scale may be used to describe a Ride that is scored:
0–1.9 = Poor; 2.0–4.9 = Fair; 5.0–6.4 = Good;
6.5–7.9 = Very Good; 8.0–10.0 = Excellent

13.06 **General Judging Rules**

- (a) Judges should be visually separated. It is the responsibility of the Head Judge to see that the Judges do not discuss scores or interference calls.
- (b) Judges may not change their scores or interference calls either on the computer terminal or on the manual judging sheets. In the Event that a mistake has been made, the Judge should have the Head Judge make the correction for them.
- (c) If a Judge misses a Ride, or part of a Ride, they should place an "M" in the square of the manual Judges sheet, the Head Judge will provide the missed score based on the other Judge's scores for the missed Ride but including consideration for that Judge's position when scoring previous Rides.
- (d) Where unforeseen circumstances occur with respect to competition (which includes but is not limited to priority and timing), a resolution, which may include a re-surf, will be determined by:
 - (i) At CT events: The WSL Head Judge and/or Head of Tours

and Competition who will consult with any relevant people at their discretion.

- (ii) At Non-CT events: The WSL Head Judge who will consult with the WSL Tour Representative, Surfing Director or other relevant people at their discretion.
- (e) A judging, scoring or heat result decision once made may only be changed if, in the opinion of the judging panel, there is enough evidence to consider a re-evaluation. A re-surf or a score change may be considered by that judging panel at the time. The Head Judge has the authority to call a re-surf without the involvement of Surfer's in the heat, if it is deemed appropriate. The WSL Head Judge is to decide who should be involved in a re-surf if applicable and when the re-surf may occur. The Head Judge can delay the start of the next heat or round while a decision is made.
- (d) A decision once made by the WSL judging panel can only be protested via the WSL Head Judge or the Head of Tours and Competition. No other Judges are to be approached relating to any calls and/or decisions (including any approach by Surfer Support Staff). See process for Protests described in Rule 10.08.
- (e) No Judge of a WSL Event may make any comments, on a Surfer's chances in any Event, to the public, media, or other Surfer. If a Judge does make a comment violating this Rule, their contract with WSL will be immediately reviewed notwithstanding any other rights WSL may have, contractual or otherwise.

13.07 **Judging Fees/Overtime**

- (a) Minimum payment for Judges and a computer operator for all Events will be as described in the WSL Event Planner.
- (b) A days' judging is considered eight (8) hours from thirty (30) minutes prior to the beginning of the first heat of each day the Event is on unless on hold. If on hold, the day begins at the original start time not actual start time. Judges will only work for a maximum of ten (10) hours per day unless extra hours are needed due to special circumstances and then only with the prior agreement of the Judges. For any hours over the normal eight (8)-hour day, overtime rates are applicable.
- (c) All judging fees are to be paid in US\$, except overtime pay, which may be paid in local currency cash at current US\$ conversion rates.

13.08 **Judging for Non-Event Activities:** All activities held during the Event Window that are surf-related and take on any form of competition are to be judged by WSL Judges, who are working at the Event (if each of the Judges agrees to do so). Pay rates for such activities are listed in the Event and Judging Planner.

13.09 **WSL Computer Scoring System**

- (a) The computer scoring system prescribed by WSL is compulsory at all WSL Events.
- (b) Computer scoring operator hours, rates and conditions are as described by WSL in the relevant Event license agreement or Event Planner.

CHAPTER 14: WSL CONDUCT POLICY

- 14.01 **Introduction.** This Policy applies to all Surfers, Support Staff, and Judges who are involved with or who participate in Events. All Surfers, Support Staff, and officials shall comply with this Rule Book at all times and conduct themselves in a professional manner that will not reflect unfavorably on the sport of surfing, WSL, or its members, officers, representatives, Events, or sponsors. All Surfers shall comply with WSL's Anti-Doping Policy. The requirements of WSL's Anti-Doping Policy and the sanctions for violating that Policy are addressed separately in that policy.
- 14.02 **Sportsmanlike Conduct:** All individuals bound by this Policy must act at all times with Sportsmanlike Conduct, which is defined as, but not limited to: (i) respect for WSL Tour and Event sponsors, Judges, opponents, WSL management, WSL representatives, spectators, members of the media or any other person within the designated Event site; (ii) respect for facilities and operational procedures at Events; and (iii) refraining from the following at an Event venue:
- (a) visible gestures, which are commonly understood to be derogatory, profane, and/or highly offensive or would indicate a sexually explicit act;
 - (b) use of profane or abusive language (in any language);
 - (c) illegal (e.g., underage) or immoderate use of alcohol;
 - (d) use illegal drugs; and
 - (e) intentional and purposeful displays and or exposures of nudity.
- This is not intended to be an exhaustive list of violations of Sportsmanlike Conduct but merely a general guideline. Any person bound by this Policy and found to violate this Rule shall be subject to the following disciplinary action:
- (i) Monetary Fines and Disqualification. The monetary fine amounts for an offense of this Rule ranges from \$1,000 USD to \$50,000 USD per offense.
 - (ii) Suspension and Expulsion. Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from the WSL.
 - (iii) The use of illegal drugs which also violate the WSL Anti-Doping Policy shall also be subject to sanctions under that Policy.
- 14.03 **Additional Standards of Conduct:** All individuals bound by this Policy who are convicted of a crime or subject to a disposition of a criminal proceeding (including an adjudication of guilt or admission to a criminal violation; a plea to a lesser included offense; a plea of nolo contendere or no contest; or the disposition of the proceeding through a diversionary program, deferred adjudication, disposition of supervision, conditional dismissal, or similar arrangements) are subject to discipline. But even if the conduct does not result in a criminal conviction, individuals bound by this Policy who are found to have engaged in any conduct (i) detrimental to the integrity of and public confidence in the WSL or (ii) that reflects unfavorably on the sport of surfing, WSL, or its members, officers, representatives, Events, or sponsors will be subject to discipline. Any offender under this Rule may be subject to

- suspension and/or expulsion from a WSL Tour upon the first offense.
- 14.04 **Damage to Surfing's Image:** Individuals bound by this Policy shall not engage in any conduct that could cause damage to the image of the sport of surfing. For purposes of this Rule, "damage to the image of the sport of surfing" is defined as any act, regardless of time or place, which casts the sport of surfing or WSL in a negative light. Without restricting the application of this Rule, "damage to the sport of surfing" will include any comments or broadcast from social media accounts that the Surfer is responsible for. Any Surfer found in violation of this Rule shall be subject to the following disciplinary action:
- (a) Monetary Fines and Disqualification. The monetary fine amounts for an offense of this Rule ranges from \$1,000 USD to \$50,000 USD per offense.
 - (b) Suspension and Expulsion. Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from the WSL.
- 14.05 **Gambling, Inappropriate Financial Interest or Relationship, and Bribery:** No individual bound by this Policy shall:
- (a) participate in any form of wagering, betting, offering/taking of odds or any other form of gambling in connection with professional surfing (including asking others to place bets on their behalf, or otherwise benefitting financially from, or assisting with, bets placed by others);
 - (b) associate or have any dealings with persons or organizations whose activities, including gambling, might reflect adversely on the integrity of professional surfing;
 - (c) place illegal bets on any sport or event, including bets placed with illegal bookmakers or illegal off-shore sports betting websites or applications;
 - (d) solicit or accept any bribe, gift, payment or reward or anything of value for the purpose of influencing competition during an Event;
 - (e) perform services in any capacity involving sports betting for any third party (including without limitation, consulting or advising on sports betting issues, or advertising, promoting or endorsing sports betting products or services);
 - (f) attempt to gain financial benefit by using any confidential information that an individual possesses by virtue of his or her position in relation to a Surfer or WSL official, which may be sought by individuals who desire to exploit such information in the betting markets;
 - (g) fail to cooperate with any and all requests by the WSL Discipline Director during an investigation, that relates specifically to information relevant to gambling, betting or undue benefits received by any individual relating to professional surfing; and
 - (h) fail to report any activity indicating a violation of this Rule 14.04 to the WSL Discipline Director as soon as practicable.
- Notwithstanding anything in this Rule to the contrary, free to play "fantasy surfing" games will not be a violation of this Rule, except for any competing Surfer or Office of Tours and Competition staff, including judges.

Individuals bound by this Policy may place legal bets on sports other than surfing in jurisdictions in which sports betting is legal, provided that the person placing the bet is eligible under applicable law to place the wager. Similarly, individuals bound by this Policy may participate in legal fantasy games that involve bets relating to sports other than surfing.

Disciplinary Actions

- (a) **Monetary Fines.** Due to the incredibly negative repercussions to professional surfing and the integrity of WSL competition, any individual found in violation of Rule 14.04 may receive a monetary fine of five (5) times the highest amount able to be won from the violating activity whether any benefit was received or not, and a further fine as determined in the discretion of the Discipline Committee.
- (b) **Suspension and Expulsion.** Any individual found to violate this Rule may be subject to suspension and/or expulsion from an Event or WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from any WSL Tour.
- (iv) **Other Appropriate Sanctions and Substantial Assistance.** Any individual found to violate this Rule may be subject to other appropriate sanctions imposed by the Discipline Committee designed to protect the integrity of the sport and competitions. Any substantial assistance provided by an individual in connection with further investigations and discovery of other violations will be a considerable factor when final sanctions are determined.

14.06 **Best Efforts:** All Surfers shall compete in accordance with their “Best Effort(s)” in all Events. For the purposes of this Rule, “Best Efforts” shall be defined as a Surfer’s utmost attempt to compete to the best of such Surfer’s ability during all Competitive Events. Any Surfer who overtly and intentionally fails to exercise such Surfer’s best effort in competition shall be found in violation of this Rule. Any Surfer found in violation of this Rule shall be subject to the following disciplinary action:

- (a) **Monetary Fines and Disqualification.** Any Offense: A minimum of \$1,000 USD
- (b) **Suspension and Expulsion.** Any Surfer who is found to have three (3) offenses of this Rule in one or more concurrent seasons which demonstrate a pattern of unacceptable conduct may also be subject to suspension and/or expulsion from a WSL Tour.

14.07 **Verbal Assault:** No individual subject to this Policy shall directly or indirectly verbally assault a WSL official, Surfer, Event sponsor, WSL management member, any WSL Representative, or member of the media. During Events, this Rule also includes spectators, or any other person within the designated Event area. For the purposes of this Rule, verbal assault is defined as any oral statement about one or more of the aforementioned persons that: threatens harm; instills fear; implies dishonesty; is derogatory; consists of profanity; or is otherwise highly offensive. Any individual involved in an incident of verbal assault will be

subject to the following disciplinary action:

(a) Monetary Fines and Disqualification.

First Offense: \$1,000 USD

Second Offense: \$2,500 USD and possible disqualification or removal from the Event if it is the second concurrent offense at the same Event.

Third Offense: \$3,000 USD and possible removal or disqualification from the Event if it is the third offense in one (1) season.

(b) Suspension and Expulsion. Any Surfer who is found to have three (3) offenses of this Rule in one or more concurrent seasons which demonstrate a pattern of unacceptable conduct may be subject to suspension and/or expulsion from a WSL Tour.

14.08

Physical Assault and Mutual Combat. No individual subject to this Policy shall physically assault any official, Event staff (including volunteer), Surfer, member of the media, spectator or any other person at or in relation to an Event (e.g., during Event Window or close to the Event site). For the purposes of this Rule, physical assault is defined as any battery or assault. All forms of shoving, fighting, mutual combat or the like are considered violations of this Rule. An act deemed by the Discipline Director to be an act entirely in self-defense will not be treated as a violation of this Rule. If it is immediately clear to the Head of Tours and Competition or the Head Judge which individual or individuals were the initial aggressor of the incident, then that individual shall be disqualified from the remainder of that Competitive Event or, if the Surfer has already been disqualified via loss, then the Surfer shall be suspended from the next Event. Any individual involved in an incident of physical assault will also be subject to the following disciplinary action:

(a) Monetary Fines and Disqualification.

First Offense: \$5,000 USD and automatic disqualification from remainder of the Event. Disqualification may be waived in a "mutual combat" type situation.

Second Offense: \$10,000 USD and automatic disqualification from remainder of the Event.

Third Offense: \$15,000 USD and automatic disqualification from remainder of the Event.

(b) Suspension and Expulsion. Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from a WSL Tour.

14.09

Discrimination, Sexual Harassment or Abuse: WSL has zero tolerance for any form of discrimination, sexual harassment or abuse in professional surfing. Any individual subject to this Policy who engages in discrimination, sexual harassment or abuse in any way associated with professional surfing shall be subject to the following disciplinary action:

(a) Monetary Fines and Disqualification. The monetary fine amounts for an offense of this Rule ranges from \$1,000 USD to \$50,000 USD per offense.

- (b) Suspension and Expulsion. Any offender under this Rule may be subject to suspension and/or expulsion from a WSL Tour upon the first offense. Where multiple offenses occur within one (1) or more concurrent seasons which demonstrate a pattern of unacceptable conduct, the Surfer may also be subject to suspension and/or expulsion from the WSL.

14.10 **Other Miscellaneous Violations and Penalties:** The following table is a general guideline for miscellaneous violations which may not be covered in the other Rules of Chapter 14. However, some violations described below may also be considered violations of the Rule 14.02, Rule 14.03 and in such circumstances, the violation penalty shall be the greater of the two (2) possible penalties. Suggested guideline penalties followed by “*” indicate violations for which Suspension and/or expulsion are possible penalties given either the severity or the repetitiveness of the violation.

- 14.11 **Disqualification during an Event.** Any Surfer who violates Rules 14.02 through 14.08 may be subject to disqualification during an Event in addition to other disciplinary action as provided in those Rules.
- 14.12 **Monetary Fines**
- (a) All monetary fines, whether prescribed within this Chapter or elsewhere within this Rule Book, are payable BEFORE competing in (or attending) the subsequent WSL Event from date of issue, otherwise the monetary fine amount will be deducted from the Surfer's Prize Money at the subsequent Event(s). In the event that the aggregate fine amount is in excess of the minimum Prize Money possible at the subsequent Event, then the violating Surfer must deliver cash payment of the difference between the two amounts to the WSL Regional Office hosting the subsequent Event prior to the Event Start Date. If payment of the fine is not delivered by the Event Start Date, then the Surfer will be disqualified from the Event.

 - (b) Where a serious violation of the WSL Rule Book has occurred at an Event, a decision by the Discipline Committee cannot be made as they cannot be contacted in a timely manner, and immediate disqualification from the Event is reasonable in accordance with this Rule Book, the WSL Tour Director in consultation with the Head Judge and other WSL representatives (after using reasonable efforts to obtain a statement from the Surfer stating their defense and considering the same) may disqualify a Surfer from the Event. The Discipline Director will rule to modify, ratify or set aside the disqualification of the Surfer at the earliest convenience in accordance with this Rule and this Rule Book.

WSL will not be liable to the Surfer for damages for loss as a result of the implementation of this Rule.

- (c) Subject to Rule 14.12(e), before any sanction is imposed by the Discipline Committee, the individual subject to discipline shall be notified of the rule violation and sanction that would be imposed should the individual fail to submit a written statement in accordance with Rule 14.12(d) to the Discipline Director.
- (d) From the date of the Notice, the individual has ten (10) days to provide an explanation for the violation, an opinion on the sanction proposed in the notice, any applicable mitigating circumstances, and supporting evidence to the Discipline Director for consideration. Should a statement under this Rule 14.12(d) not be submitted, the sanction proposed in the notice will take immediate effect.
- (e) Following a submission of a statement in accordance with Rule 14.12(d), the Discipline Committee shall review any materials provided in response to the notice and promptly notify the individual of any sanction imposed.

14.14 **Appeals of Disciplinary Actions made by the WSL Discipline Director**

The notice of appeal shall set forth all reasons why the discipline imposed should be reversed or reduced and any other relief sought.
- (b) Within five (5) days of the Discipline Director's receipt of the notice of appeal, WSL shall provide the appealing party a list of three (3) independent arbitrators. The appealing party shall, within five (5) days of WSL's transmittal of the list, select an arbitrator from that list to hear the case and notify WSL of that selection. If no arbitrator has been selected by the appealing party, then WSL shall select an arbitrator from the list to hear the case.
- (c) Within five (5) days of the arbitrator selection, WSL shall file its response to the appealing party's notice of appeal.
- (d) The procedural rules for the appeal shall be established by the arbitrator, recognizing that speedy resolution of the matter is critical and that normal judicial rules do not apply.
- (e) The arbitrator may set such hearing or schedule such scheduling or status conferences as he/she deems appropriate.
- (f) A hearing shall take place, either in person or by videoconference, as directed by the arbitrator, within forty-five (45) days of the arbitrator's appointment.
- (g) At the hearing, the appealing individual shall have the right to be represented by counsel and to call witnesses and submit documents and other relevant evidence. WSL shall have the same right. The appealing party may also engage the services of an interpreter at his/her own expense. The arbitrator shall rule on the admissibility of evidence, including whether to allow evidence in the form of affidavits. Both the appealing party and a representative of WSL shall be present at the hearing so that they may be examined by the other party.

- (h) Unless decided otherwise in the decision of the arbitrator, each party shall be responsible for its own costs and attorney fees incurred in the appeal, and the fees and expenses of the arbitrator shall be split equally between the parties.
- (i) The arbitrator shall render a written decision within ten (10) days of the date of the hearing.
- (j) The decision of the arbitrator shall be final and binding on all parties and shall not be subject to appeal or any form of judicial review.
